# Using DreamBox Learning® Math at Home

What is DreamBox Learning Math?

DreamBox Learning is a K-8 digital math program that independent studies have found to raise student achievement and better prepare children for future success. Powered by the brilliance of each child, DreamBox combines a fun and engaging learning environment with a rigorous, standards-based, math curriculum. DreamBox promotes active learning and independent critical thinking by responding to each student's strategies and decisions in the moment. Because DreamBox adapts lessons and recommendations based on the needs of each learner, children always have just the right level of support when and where it's needed.

Your Family Insight Dashboard

Your Family Insight Dashboard will provide you with insights on your child's learning as well as highlight important learning milestones. This will help keep you informed on your child's skills and foster a partnership to positively influence your child's learning outcomes both inside and outside of the classroom.

Access is easy! Ask your child's teacher for an invitation with instructions to login for the first time.

Questions? We've got answers. Contact us at **support@dreambox.com** or call **877-451-7845**.

Encourage your child to follow these best practices:

Healthy Habits for Success in DreamBox

1. **Try every problem:** Persist even when it is hard. ✔
2. **Finish every lesson:** Persevere instead of choosing another lesson. ✔
3. **Utilize in-lesson support:** The feedback, hints, and help are created to assist you. ✔
4. **Use headphones with volume on:** Listen to the directions, assistance, and feedback. ✔
5. **Work Independently:** Don't let others do your work for you. ✔

Home Usage Expectations

- The only person that should be playing on your child's account is your child. This is the only way DreamBox can assess their understanding of math concepts.
- Plan at least 20 minutes for each session.
- Use the Activity Feed in your Family Insight Dashboard to monitor your child's progress. If they are stuck on a lesson, you can view it by hitting the 'Play Lesson' button and help guide them with facilitated discussion. Try to avoid helping them directly in their student environment.

Recommended Weekly Usage

Grades K - 2	Grades 3-5	Grades 6-8
30-60 min*	**60-90 min***	**60-90 min***
5-10 lessons	7-8 lessons	7-8 lessons

*Some lessons may take up to 25-30 minutes
