# PCSB Code of Civility

---

- The education of a child happens only through a partnership between the child, school faculty and staff, parent(s) or guardian(s), the community and district office employees. Partnership is an active state that includes sharing responsibilities, having meaningful communication and welcomed participation.
- When people who are working together agree, the partnership runs smoothly. Two people will not always agree, and that can make partnership difficult. The partnership is most powerful when we agree on how to disagree. We must be civil in our discourse. Civility is often described by its absence.
- We hear of harmful actions, such as road rage, physical confrontation, ethnic stereotypes and slurs. But civility is not just an absence of harm.

# PCSB Code of Civility Page 2

It is the affirmation of what is best about each of us individually and collectively.

It is more than saying “please” and “thank you.”

It is reflecting our respect for others in our behavior, regardless of whether we know or like them.

It is not simply being politically correct and should not to be used to stifle criticism or comment.

It is being truthful and kind and taking responsibility for our own actions, rather than blaming others.

As we communicate with each other, we need to remember that we are working together to benefit the children of this community.

# PCSB Code of Civility Page 3

- Therefore, the Board requires that, as we communicate, students, PCS faculty and staff, parents, guardians and all other members of the community shall:

1. Always treat each other with courtesy and respect.

This means:

- We listen carefully and respectfully as others express opinions that may be different from ours.
- We share our opinions and concerns without loud or offensive language, gestures or profanity.

2. Treat each other with kindness.

This means:

- We treat each other as we would like to be treated.
- We do not threaten or cause physical or bodily harm to another.
- We do not threaten or cause damage to the property of another.
- We do not bully, belittle or tease one another, and we do not allow others to do so in our presence.
- We do not demean and are not abusive or obscene in any of our communications.

# PCSB Code of Civility Page 4

## 3. Take responsibility for our own actions.

This means:

- We share information honestly.
- We refrain from displays of temper.
- We do not disrupt or attempt to interfere with the operation of a classroom or any other work or public area of a school or school facility.

## 4. Cooperate with each other.

This means:

- We obey school rules for access and visitation.
- We respect the legitimate obligations and time constraints we each face.
- We notify each other when we have information that might help reach our common goal. This will include information about safety issues, academic progress, changes that might impact a student's work or events in the community that might impact the school.
- We respond when asked for assistance.
- We understand that we do not always get our way.

## How Can We Help You Get Into College?

- Take AVID as an elective (we have over 450 kids who do already!)
- Honors level courses in all core subjects and many electives
- Dual Enrollment courses are available for 11<sup>th</sup> + 12<sup>th</sup> grade students who qualify with a 3.0 or high GPA and a high PERT, ACT, or SAT score. Passing a dual enrollment course with a final grade of “C” or better earns HS credit and 3 College Credits at the same time
- Advanced Placement courses are available to everyone, but require a lot of extra work, reading, studying, and good attendance/effort
  - AP exams are graded by the College Board on a scale of 1 to 5
  - A score of 3 or higher on an AP exam earns college credit
- Take AP Capstone Seminar in 10<sup>th</sup> or 11<sup>th</sup> grade, followed by AP Capstone Research in 11<sup>th</sup> or 12<sup>th</sup> grade
- Students who take honors, dual enrollment, and advanced placement courses will face a more challenging curriculum and will be better prepared for college (regardless of the score on an AP exam)

## WHY PRE-AP?

**Pre-AP** frameworks and assessments are the foundation for all sections of the **Pre-AP** courses at our school.

**Pre-AP Courses** are intentionally designed to provide grade-level course work based on high school content, skills, and expectations.

Increasing access to this type of coursework leads to increased opportunities for all students, including groups that have been traditionally underrepresented in college classrooms.

# Why AP Classes are so important?

---

- “MASTERING THE RIGOROUS COURSEWORK IS TRANSFORMATIVE: IF A HIGH SCHOOL STUDENT PASSES JUST ONE ADVANCED PLACEMENT COURSE THE PROSPECT OF GRADUATING FROM COLLEGE JUMPS FROM 30 % TO 72%” – TOM LUCE
- Pre-AP courses prepare students for the rigor of the AP classroom and the CollegeBoard structure.

# PRE-AP APPROACH TO TEACHING AND LEARNING

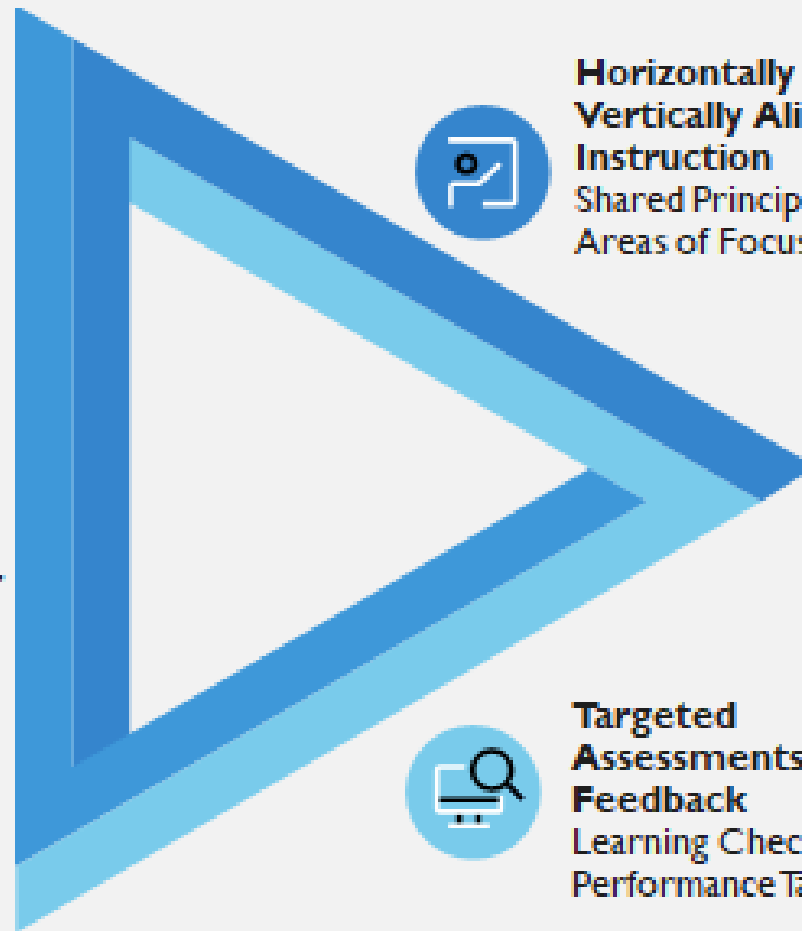

**Focused Content**  
Course Frameworks,  
Model Lessons

**Horizontally and  
Vertically Aligned  
Instruction**  
Shared Principles,  
Areas of Focus

**Targeted  
Assessments and

Performance Tasks

## PRE-AP SHARED PRINCIPLES

All **Pre-AP** courses have a set of shared principles, which enables students of every ability level to build cross-disciplinary critical thinking skills.

D	D	F	D	1
A	A	F	B	3
C	F	F	D or F	1 or 0
F	F	A	D or F	1 or 0

- Credits are earned each semester – in December and May
- A semester grade is two quarters and the exam combined (half of the year)
