ABOUT

At Boca Ciega High, we pride ourselves in offering extensive courses, including the Pre-AP Framework, Advanced Placement, dual enrollment, Cambridge AICE, honors courses, and various elective courses. There is a place for everyone within our wall-to-wall academy model as students select an academy based on their interests and post-secondary goals. Each academy offers students an opportunity to earn college credit and industry certifications. Students are supported by award-winning faculty and staff, the AVID elective, and through incorporating AVID strategies school-wide. As an AVID National Demonstration Site, BCHS strongly emphasizes college and career readiness. As a result, our College & Career Center is staffed with two full-time counselors who dedicate their time to helping students and families explore, plan, and prepare for their post-secondary goals.

POINTS OF PRIDE

- National AVID Demonstration School, where AVID seniors consistently place within the top 10 of their graduating class and receive over \$4 million in scholarships yearly.
- We offer over 25 rigorous courses between Advanced Placement, Cambridge AICE, and on-site dual enrollment.
- We offer industry certifications in the Adobe Suite, Autodesk Inventor, AutoCAD, and Autodesk REVIT.
- We have the largest Take Stock in Children Scholarship program.
- We facilitate ongoing Career Corners connecting students with working professionals and business owners.
- 90% of medical program seniors earn an EKG, CNA and/or EMT certification
- Students are accepted into top universities, including Yale and Harvard.
