

# Pinellas Central Elementary School

Dear Parent/Guardian,

The Florida Assessment of Student Thinking (FAST) is a progress monitoring tool that will be administered three times per year to track your student's progress in learning the Benchmarks of Excellent Student Thinking (B.E.S.T.) Standards throughout this school year. The purpose of this letter is to inform you that your student will participate in the second administration (PM2) of the Grades 3-5 Florida Assessment of Student Thinking (FAST) Reading and Mathematics assessments on the dates listed below. Your student's results from PM2 are for informational purposes only, and your student's school will provide you with information about how to access the results after testing is completed.

Grade Level	Reading Test Date/Classes	Mathematics Test Date/Classes
Third Grade	December 9-All Classes	December 13-All Classes
Fourth Grade	December 6 (Van Horn and Yarish Homerooms) December 8 (Williams and Bradford Homerooms)	December 6 (Williams and Bradford Homerooms) December 8 (Van Horn and Yarish Homerooms)
Fifth Grade	December 7 (Hevia and Redington) December 9 (Hallenbeck and Johnson Homerooms)	December 7 (Hallenbeck and Johnson Homerooms) December 9 (Hevia and Redington Homerooms)

FAST assessments are computer-adaptive tests taken on a computer or tablet. The questions get easier or more difficult depending on how the student responds, and each student will see different questions from a common item bank. Each test attempt (PM1, PM2, and PM3) will present 35–40 items that will cover the entire test “blueprint,” meaning students will encounter items representative of the standards within the subject or grade level. For more information on the test design, please visit <https://www.fldoe.org/accountability/assessments/k-12-student-assessment/best/>. If you or your student would like to interact with the online testing platform or review FAST Reading and Mathematics sample items at home, sample test materials are available at <https://flfast.org/families.html>.

If you have any questions related to this test administration, you may contact Nicole Kavaliauskas at (727) 547-7853.

Thank you for supporting your student and encouraging him or her to do his or her best during this test administration.

Sincerely,

Abigail Cannata
