

Math Resources Family Night

Textbook: FL Reveal by McGraw Hill:

- Accessed through Clever.
- Online edition of the textbook and interactive version.

IXL:

- Students should be working on this at home to extend their learning.
- Helps them build on their knowledge and remediate gaps in the understanding of mathematical concepts.
- Smart Scoring: To show mastery, a student must reach an 80 smart score. This is not a percentage or standard scoring system, but is based on a unique algorithm that understands the learning process, which takes into account not only the number of questions a student has answered correctly and incorrectly, but also the difficulty of the problems and the student's ability to answer correctly with consistency.

Khan Academy: (Access through Clever and contains videos and practice questions.)

- Click on courses and select your course.
- You will see all the topics list in which you can select one and begin working on a lesson and then answer corresponding questions.

Virtual Nerd: www.virtualnerd.com (contains videos on the topics)

- Click on the course and then you will be given a list of topics covered and can narrow down the topic from there.
- You can also search the topic in the search bar of virtual nerd and related lessons come up to that topic.

FAST/EOC Online Practice: Website: <https://flfast.org/families.html>

- Practice tests with sample test items for specific grade levels. The tests are computer based and the purpose of these tests are for students to become familiar with the functionality, and item types on the test.

Tutoring (ELP):

- Daily Monday-Friday Mornings 7:40-8:40 AM.
