How will school leadership actively build teacher and staff capacity related ongoing family engagement connected to academic goals? Title I Annual Parent Meeting Experience

Each school will convene an annual meeting designed to inform parents of participating children about the schools Title I program, the nature of the Title I program (schoolwide or targeted assistance), school choice, supplemental educational services, and the rights of parents. [Section 1118(c)(1)].

How will you get recorded feedback from parents about the meeting? How will the recorded feedback be used to inform future events?

Strategies include recruiting the assistance of the Climate and Culture team, outside community organizations to provide curricular and/or programming for family engagement nights that relate to academic success. All stakeholders will be providing feedback in the form of interest surveys to include opportunities that need to be revised, repeated, or removed from current parent engagement practices. We will use this feedback to plan our family engagement events for the upcoming school year, focusing on integrating curriculum into each event. These events will provide opportunities for students and families to interact with on-site staff and get involved with PTSA. Climate and Culture Surveys.

How will you address barriers to increase attendance and academic support at home?

The barrier exists in the attendance to family events hosted by our school. We plan to solidify the bridge between home and school by continuing to invite families onto campus during various hours that meet the needs of families. We will complete home visits as needed and continue to reach out to families in a way that meets their needs, whether in-person or online.

How will you get the information home to parents using various modalities who do not attend?
