14th year in Pinellas County Schools

B.S. in Special Education, K-12

M.A. in School Counseling, K-12

Xello is built on a four-step model that engages students in future planning

Build Self-knowledge

Students define their interests, skills, preferences and aspirations so they can explore the opportunities right for them.

Explore Options

Students learn about career possibilities and educational pathways by exploring rich engaging content and lessons.

Create a Plan

Students create dynamic actionable plans that outline the steps needed to achieve school, career and life goals.

Learn & Reassess

As students gain experience, knowledge, and skills, they can reassess and change their plans for the future.

What does Xello look like in Pinellas County?

- This is implemented in all grades: K-12
- Every year your child will do a minimum of two lessons with their school counselor: one per semester
- The focus will vary with every lesson and every grade level, but some examples of what it will include is: career exposure and exploring, learning styles, 4-year high school planning, goal setting, academic pathways and being ready for and applying to college
- Parent accounts are coming! This should be available within the next year or less.
