The inventory was conducted by property records staff. Please address inquiries regarding this report to Dawn T. Meyers, CPA, Director, Auditing and Property Records, by e-mail at meyersda@pcsb.org or by telephone at (727) 588-6228.

This report and other reports prepared by the Auditing and Property Records Department can be obtained on our Web site at http://pcsb.org/Domain/184; by telephone at (727) 588-6228; or by mail at Pinellas County District School Board, Post Office Box 2942, Largo, Florida 33779-2942.

PINELLAS COUNTY DISTRICT SCHOOL BOARD ANNUAL PROPERTY RECORDS INVENTORY REPORT FOR FISCAL YEAR 2020-21

I. BACKGROUND

Pursuant to Chapter 69I-73, Florida Administrative Code (FAC), governmental units are required to maintain adequate records of property in their custody. Each property item is required to be permanently marked with the identification number assigned to that item to establish its identity and ownership by the governmental unit holding title to the item. It further requires governmental units to ensure a complete physical inventory of all property valued at \$5,000 or more and attractive items under that threshold is taken annually. Effective October 1, 2020, the rule increased property value from \$1,000 to \$5,000. However, our Board policy still requires annual inventories of all property items valued at \$1,000 or more. See Board policies below. Unaccounted for items are promptly reported to the school or department who conduct thorough investigations.

The Superintendent is responsible for the supervision and control of District property pursuant to Chapter 274, Florida Statutes, which allows the use and immediate control of the property to be delegated to a custodian and requires property inventories to be conducted.

Board Policy 7300 - Property Custodianship and Insurance names the principal, director, department head, or other employee designated by the Superintendent as the property custodian.

Board Policy 7320 – Acquisition and Removal of Tangible Property states that property may be lent to employees for District purposes or exchanged between schools or departments only with prior written approval of the principal or department head.

Board Policy 7450 – Inventories and Property Records requires tangible personal property valued at \$1,000 or more, whether purchased or received through donation, to be tagged and accounted for as an asset of the Board. In addition, it requires a complete physical inventory of all tagged items within a school or other Board facility to be conducted annually. Certain classifications of equipment and furniture, as designated by the Superintendent to be of special interest and possessing a value of less than \$1,000 may be tagged and controlled as Board assets. Principals, directors, or department heads are required to take annual inventories of property valued from \$300 to \$999.99.

District tangible personal property consists of furniture, computers, motor vehicles, and other items of a non-consumable, non-expendable nature that costs \$1,000 or more and have a normal life expectancy of one or more years. The District also accounts for items valued at \$300 to \$999.99 such as tables, desks, chairs and shelves. These items, however, are not tagged for inventory, and are not recorded in the TERMS Fixed Asset system. Other technology items valued from \$300 to \$999.99 such as desktop computers, laptop computers, and tablets are deemed items of special interest and are separately tagged and entered into the TERMS Fixed Asset system.

Board Policy 7530 – Lending of District-Owned Equipment states equipment may be removed from District property by staff members only when such equipment is necessary to accomplish tasks arising from their school or job responsibilities. A *Property Removal Contract* (PCS Form 3-1943) must be completed and approved by the principal or appropriate department head before District equipment is removed from District property.

Chapter 16 – Cost Centers' Uncapitalized Tangible Property Inventory Procedures in the *Manual of Property Equipment Accounting and Control* (Manual) requires each school and department to maintain a record keeping system to enter and track all uncapitalized tangible equipment. The accountability guidelines are the same as the guidelines for the District capitalized tangible equipment except that the annual inventory count must be taken by school or department personnel and the results of the count are to be reported on the *Cost Center's Uncapitalized Tangible Property Inventory Report* (PCS Form 3-2918) and submitted to the Auditing and Property Records Department by October 31st each year.

Appendix B – Procedures Guidelines for Tagged Tangible Property in the Manual requires that each employee sign and date that he/she has received the equipment assigned to him/her using the *Equipment Assignment List* (PCS Form 3-3160).

As of June 30, 2021, the District's tangible personal property included 54,222 items with an acquisition value of approximately \$212 million. This category does not include land or improvements, buildings or improvements, relocatables, or construction in progress. In addition, the District's uncapitalized tagged technology equipment as of June 30, 2021 included 181,651 items with an acquisition value of approximately \$102 million.

The Auditing and Property Records Department maintains property data records, issues property tags, and conducts annual inventories throughout the fiscal year of all tagged equipment and software with an acquisition value of \$1,000 or more to comply with FAC, Florida Statutes, Board Policy and the Manual and uncapitalized technology (UT) with an acquisition value of \$300 to \$999.99 to comply with Board policy and the Manual.

Generally, each inventory focused on selected processes and administrative activities in addition to verifying the fixed assets and UT equipment. A follow-up on findings noted in prior inventory report Nos. 2018-003, 2019-002 and 2020-006 was also made except for schools and cost centers noted below. Those findings will be followed-up on during their next scheduled inventory.

II. INVENTORY OBJECTIVES AND SCOPE

The inventory focused on evaluating whether the cost centers properly accounted for and safeguarded capitalized and uncapitalized tangible personal property. Specific objectives were to determine whether:

- 1. Cost center tangible personal property is controlled and accounted for as required by FAC, Florida Statutes, Board Policy and the Manual;
- 2. Tangible personal property items are properly tagged and marked;
- 3. Proper procedures are followed for tangible personal property items that are transferred, lost or stolen, in use by appropriate staff or retired;
- 4. District property forms have been accurately completed, all property assigned was recorded and administrative approval was evident;
- 5. Management had taken corrective actions for findings included in their previous inventory reports.

The planned scope included conducting an inventory of all fixed tangible personal property items and UT items at every cost center for the 2020-21 fiscal year. It also included a review of internal control procedures related to tagging, transferring, acquisition and removal, and reporting of lost and damaged tangible personal property

items for compliance with FAC, Florida Statutes, Board Policy, and the Manual as well as testing the accuracy of the cost centers inventory and inventory reporting in compliance with Board Policy and the Manual. However, the scope of our planned inventory review procedures was reduced during the fiscal year in effort to physically verify all tagged assets. District protocols established to help minimize the spread of the coronavirus included delaying property records staff access to schools to conduct physical inventories until October 26, 2020, when school inventories historically begin one week after the start of the school year. Additionally, when property records staff were able to access schools, district coronavirus protocols established limited property records staff from entering classrooms when students were present and limited access to student and staff issued devices until April 29, 2021, causing inefficiencies in conducting the physical inventory. As a result of these protocols, we were unable to conduct a physical inventory at five high schools and did not review compliance with various procedures at 74 schools and other cost centers. An additional eight departments physical inventories were started but not completed as these department have tagged assets throughout the entire District and take the entire fiscal year to conduct. See SCHEDULE OF COST CENTER INVENTORIES NOT COMPLETED DUE TO ACCESS RESTRICTIONS RELATED TO THE CORONAVIRUS **PANDEMIC** starting on page 17.

III. PRIOR FINDINGS FOLLOW-UP

The schools and departments had taken corrective actions for applicable findings included in inventory report Nos. 2018-003, 2019-002 and 2020-006, except as noted in the **SCHEDULE OF COST CENTERS WITH PROCEDURAL DEFICIENCIES** starting on page 11 for the inventories that we were able to fully complete as described above.

PINELLAS COUNTY DISTRICT SCHOOL BOARD ANNUAL PROPERTY RECORDS INVENTORY REPORT FIXED ASSET AND UNCAPITALIZED TECHNOLOGY INVENTORY DEFICIENCIES FOR FISCAL YEAR 2020-21

SUMMARY OF RESULTS

The Auditing and Property Records Department has conducted the inventories of all fixed tangible personal property and uncapitalized technology inventory at district cost centers for the 2020-21 fiscal year as described in the objectives and scope.

In addition to missing equipment, deficiencies in the following inventory procedures are included in the final inventory report: the tagging/retagging of equipment, returning verification of tagging forms and serial numbers, requests for tagging of equipment purchased with internal purchase orders, requests for tagging of donated equipment, completion of asset transfers when tagged equipment changes location, completion of correct form for theft and/or damage to equipment, proper documenting of temporary equipment removals, proper documenting of assigned equipment, requests made for trade-in or vendor exchange of equipment, submission of uncapitalized inventory spreadsheet and annual summary report of their uncapitalized inventory, maintenance of Software Tracking Notebook, and other miscellaneous deficiencies such as a high percent of a specific type of equipment as missing (example: laptops or band instruments). Supplementary deficiencies included in the report related to proper documenting of temporary equipment removals and assigned equipment include: ensuring the current version of the forms are being used, the forms are signed by the borrower/assignee with an original signature, the forms are signed by the administrator with an original signature, all equipment removed and assigned to district employees are recorded on the forms, and all pertinent information requested on the forms are disclosed, as well as, evidence of proper segregation of duties in conducting physical inventory and maintaining inventory records of uncapitalized inventory.

Items not located during the cost center's inventory process are reported to the principal or department head by the property control clerk on an *Initial Unlocated List*. This complies with the Florida Administrative Code to report unlocated items promptly to the school/department. Cost centers are given an opportunity to locate the missing items prior to finalizing the inventory. Any tagged items included on the *Initial Unlocated List* that are not found by the cost center are counted as missing on the final inventory report as follows:

- M1 This code indicates that the item is missing for the first time this year. It will remain active on the inventory of the cost center with this code until the next inventory when it will either be verified or identified as missing for the second consecutive year.
- ➤ M1 Administration Building Cleanup This indicates items missing for the first year which were removed from the administration building in the spring of 2020. These items were not tracked in the TERMS asset transfer system. It will remain active on the inventory of the cost center with an M1 code until the next inventory when it will either be verified or identified as missing for the second consecutive year.
- ➤ M1 Covid-19 Distribution This indicates items missing for the first year which were issued to students due to mandated school closures related to the coronavirus pandemic. These items were not tracked in the TERMS asset transfer system. It will remain active on the inventory of the cost center with an M1 code until the next inventory when it will either be verified or identified as missing for the second consecutive year.

➤ M2 - This indicates that the item is missing for the second consecutive year. At the conclusion of all inventories each fiscal year, a list of all M2 equipment and software is submitted to the school board to request retirement as missing equipment.

The results of the cost center inventories are summarized in the following tables for cost centers with missing tagged items identified or procedural deficiencies were noted.

SCHEDULE OF COST CENTERS WITH MISSING TAGGED ITEMS IDENTIFIED

Summary of Cost Centers with Missing Tagged Items

| | 2018-19 | 2019-20* | 2020-21** |
|---|---------|----------|-----------|
| Total Fixed Asset Items Inventoried | 59,700 | 39,386 | 41,483 |
| M1's (Missing 1st year) | 344 | 202 | 757 |
| M1's - Administration Building Cleanup | | | 7 |

- * See 2019-20 SCHEDULE OF COST CENTER INVENTORIES NOT COMPLETED DUE TO MANDATED SCHOOL CLOSURES RELATED TO THE CORONAVIRUS PANDEMIC found in report No. 2020-006 page 14. Values do not include 125 cost centers that were not completed due to mandated school closures related to the coronavirus pandemic.
- ** See SCHEDULE OF COST CENTER INVENTORIES NOT COMPLETED DUE TO ACCESS RESTRICTIONS RELATED TO THE CORONAVIRUS PANDEMIC starting on page 17. Values do not include five high school annual inventories that were not completed due to access restrictions, nor do these figures include eight departments that were partially completed.

The following table is a schedule of missing tagged items by cost center.

SCHEDULE OF COST CENTERS WITH PROCEDURAL DEFICIENCIES

The legend below should be used in conjunction with the SCHEDULE OF COST CENTERS WITH PROCEDURAL DEFICIENCIES table that follows.

| | 2018-19 | 2019-20* | 2020-21** |
|-------------------------------|---------|----------|-----------|
| Total Procedural Deficiencies | 353 | 238 | 188 |
| Total Repeat Deficiencies | 197 | 150 | 65 |

PROCEDURAL DEFICIENCIES LEGEND

| A | Property has been tagged by personnel and verification sent to Property Records |
|---|---|
| В | Bookkeeper has notified Property Records of internally purchased property (applies only to school sites) |
| С | Notified Property Records of donated property |
| D | Asset transfers are completed and updated timely |
| Е | Damage and/or Loss of Property Reports have been completed and submitted as needed |
| F | Property Removal Contracts have been documented and updated annually |
| G | Equipment Assignment Lists have been completed and updated for all staff members |
| Н | Prior approval requested for property trade-ins and Exchanged Property Memo submitted when needed |
| I | Inventory and report for uncapitalized tangible property has been updated, completed and submitted timely |
| J | Cost Center's Uncapitalized Tangible Inventory Report: Internal controls were operating effectively |
| K | Software Tracking Forms Notebook has been maintained and updated |

- * 2019-20 SCHEDULE OF COST CENTERS WITH PROCEDURAL DEFICIENCIES tables do not include 125 cost center inventories that were not completed due to state mandated school closures related to the coronavirus pandemic.
- ** 2020-21 SCHEDULE OF COST CENTERS WITH PROCEDURAL DEFICIENCIES do not include testing of *Property Removal Contracts* and *Equipment Assignment List* forms for 74 cost centers District established coronavirus protocols. See scope limitations discussed above in section II. INVENTORY OBEJCTIVES AND SCOPE.

PINELLAS COUNTY DISTRICT SCHOOL BOARD ANNUAL PROPERTY INVENTORY REPORT SCHEDULE OF COST CENTERS WITH PERFECT INVENTORY REPORTS FOR FISCAL YEAR 2020-21

We conducted a total of 223 cost center inventories of elementary schools, middle schools, high schools, and departments. The following 4 schools and 45 departments and other cost centers (21.97% of the 223 sites inventoried) received perfect inventory reports. All inventory assigned was verified and no procedural comments were reported, indicating exceptional proficiency in internal controls, operational management, and compliance with statutes, regulations, and policies governing tangible personal property. We commend these cost centers for their efforts. It takes a dedicated team working together with daily diligence to accomplish this level of proficiency.
