PINELLAS COUNTY DISTRICT SCHOOL BOARD ANNUAL PROPERTY RECORDS INVENTORY REPORT FOR FISCAL YEAR 2014-15

I. BACKGROUND

Pursuant to Chapter 69I-73, Florida Administrative Code, governmental units shall maintain adequate records of property in their custody. Each property item shall be permanently marked with the identification number assigned to that item to establish its identity and ownership by the governmental unit holding title to the item. Each governmental unit shall ensure a complete physical inventory of all property is taken annually.

The Superintendent is responsible for the supervision and control of District property pursuant to Section 274.03, Florida Statutes, which allow delegation to a custodian the use and immediate control of the property.

Board Policy 7300 - Property Custodianship and Insurance names the principal, director, department head, or other employee designated by the Superintendent as the property custodian.

Board Policy 7320 – Acquisition and Removal of Tangible Property states that property may be lent to employees for District purposes or exchanged between schools or departments only with prior written approval of the principal or department head.

Board Policy 7450 – Inventories and Property Records requires tangible personal property valued at \$1,000 or more, whether purchased or received through donation, to be tagged and accounted for as an asset of the Board. In addition, it requires a complete physical inventory of all tagged items within a school or other Board facility to be conducted annually. Certain classifications of equipment and furniture, as designated by the Superintendent to be of special interest and possessing a value of less than \$1,000 may be tagged and controlled as Board assets. Principals, directors, or department heads are required to take annual inventories of property valued from \$300 to \$999.99.

Tangible personal property consists of furniture, computers, motor vehicles, and other items of a nonconsumable, non-expendable nature that costs \$1,000 or more and have a normal life expectancy of one or more years. The District also accounts for items valued at \$300 to \$9999.99 such as tables, desks, chairs and shelves. These items, however, are not tagged for inventory, and are not recorded in the TERMS Fixed Asset system. Other attractive technology items valued from \$300 to \$999.99 such as desktop computers, laptop computers, and tablets are deemed items of special interest and are separately tagged and entered into the TERMS Fixed Asset system.

As of June 30, 2015, the District's tangible personal property included 81,231 items with an acquisition value of approximately \$228 million. This category does not include land or improvements, buildings or improvements, relocatables, or construction in progress. In addition, the District's uncapitalized tagged technology equipment as of June 30, 2015, included 97,197 items with an acquisition value of approximately \$61 million.

The Auditing and Property Records Department maintains property data records, issues property tags, and conducts annual inventories of all tagged equipment and software with an acquisition value of \$1,000 or more to comply with Chapter 274, Florida Statutes and Board policy.

PINELLAS COUNTY DISTRICT SCHOOL BOARD ANNUAL PROPERTY RECORDS INVENTORY REPORT FOR FISCAL YEAR 2014-15

II. INVENTORY OBJECTIVES AND SCOPE

The inventory focused on evaluating whether the cost centers properly accounted for and safeguarded tangible personal property. Specific objectives were to determine whether:

- 1. Cost center tangible personal property is controlled and accounted for as required by statute, rule and Board policy
- 1. Tangible personal property items are properly tagged and marked; and
- 2. Proper procedures are followed for tangible personal property items that are transferred, lost or stolen, in use by appropriate staff or retired.

The scope included conducting an inventory of all tangible personal property items at every cost center for the 2014-15 fiscal year. It also included a review of internal control procedures related to tagging, transferring, acquisition and removal, and reporting of lost and damaged tangible personal property items for compliance with Florida Statutes and District policies. In addition, a sample of tagged technology items valued from \$300 to \$999.99 were inventoried at each school.

SUMMARY OF RESULTS

The Auditing and Property Records Department has completed the inventories of tagged tangible personal property of departments, post-secondary schools and centers, high schools, middle schools, elementary schools, exceptional schools and multi-grade level schools for the 2014-15 fiscal year. To verify compliance with *Bylaws and Policies of The School Board of Pinellas County* and the *Manual of Property Equipment Accounting and Control*, an inventory of all tagged equipment with an acquisition cost of \$1,000 or more was conducted at each school and cost center. In addition, a sample of tagged technology items valued from \$300 to \$999.99 were inventoried at each school.

In addition to missing equipment, deficiencies in the following inventory procedures are included in the final inventory report: the tagging/retagging of equipment, returning verification of tagging forms and serial numbers, requests for tagging of equipment purchased with internal purchase orders, requests for tagging of donated equipment, completion of asset transfers when tagged equipment changes location, completion of correct form for theft and/or damage to equipment, proper documenting of temporary equipment removals, requests made for trade-in or vendor exchange of equipment, submission of un-capitalized inventory spreadsheet and annual summary report of their uncapitalized inventory, maintenance of Software Tracking Notebook, proper Key Management procedures and submission of fall key inventory, and other miscellaneous deficiencies, such as a high percent of a specific type of equipment as missing (example: laptops or band instruments).

Items not located during the cost center's inventory process are reported to the principal/department head by the property control clerk on an *Initial Unlocated List*. This complies with the Florida Administrative Code to report unlocated items promptly to the school/department. Cost centers are given an opportunity to locate the missing items prior to finalizing the inventory. Any tagged items included on the *Initial Unlocated List* that are not found by the cost center are counted as missing on the final inventory report as follows:

- M1 This code indicates that the item is missing for the first time this year. It will remain active on the inventory of the cost center with this code until the next inventory where it will either be verified or identified as missing for the second consecutive year.
- M2 This indicates that the item is missing for the second consecutive year. At the conclusion of all inventories each fiscal year, a list of all M2 equipment and software is submitted to the school board to request retirement as missing equipment.

The results of the cost center inventories are summarized below for cost centers where missing tagged items were identified or procedural deficiencies were noted.

	2012-13	2013-14	2014-15
Total Items Inventoried	92,972	91,582	88,693
M1's (Missing 1st year)	717	778	411
M2's (Missing 2nd year)	289	380	177
Total Procedural Deficiencies	226	196	219
Total Repeat Deficiencies	46	40	57
Total Perfect Inventory Reports	106	99	104

PROPERTY INVENTORY ANALYTICAL

The legend below should be used in conjunction with the **SUMMARY SCHEDULE OF INVENTORY DEFICIENCIES** table that follows.

٨	
A	Property has been tagged by personnel and verification sent to Property Records
В	Bookkeeper has notified Property Records of internally purchased property (applies only to school sites)
С	Notified Property Records of donated property
D	Asset transfers are completed and updated timely
Е	Damage and/or Loss of Property Reports have been completed and submitted as needed
F	Temporary property removals have been documented and updated annually
G	Equipment Assignment Lists have been completed and updated for all staff members
Н	Prior approval requested for property trade-ins and Exchanged Property Memo submitted when needed
Ι	Inventory and report for uncapitalized tangible property has been updated, completed and submitted timely
J	Software Tracking Forms Notebook has been maintained and updated
K	Key management procedures have been followed

PINELLAS COUNTY DISTRICT SCHOOL BOARD ANNUAL PROPERTY INVENTORY REPORT SCHEDULE OF COST CENTERS WITH PERFECT INVENTORY REPORTS FOR FISCAL YEAR 2014-15

We have inventoried 249 schools and departments/other cost centers. The following 19 schools and 85 departments/other cost centers (42% of the 249 sites inventoried) received perfect inventory reports. All inventory assigned was verified and no procedural comments were reported, indicating exceptional proficiency in internal controls, operational management, and compliance with statutes, regulations, and policies governing tangible personal property. We commend these cost centers for their efforts. It takes a dedicated team working together with daily diligence to accomplish this level of proficiency.
