Attention: Shelby Noble

Largo, FL 33770

Dear Ms. Noble:

We are currently the only known company on the market that provides a combination of wireless buzzers and software that meets the following needs:

- The software manages who rings in first, timing, scoring, and other functions including statistics and reports. The software is customizable to many different formats of academic competition, supporting toss-up, bonus, and team questions.
- Our player buzzers are single button.
- We are the official buzzer system for the Commissioner's Academic Challenge held annually in Florida.
- Our company offers a two-year warranty on the hardware components, and free updates for users of either the Windows app or the web-based app.

As such, we believe that we meet the requirements of a "single source." If you have any questions, please feel free to contact me at the information below.

Sincerely,

Jay Winter
