These policies help to ensure that parents are well versed in the learning that takes place in their child's classroom. Our parents are dedicated to the education of their children beyond what is required by policy. Parents can be found on a daily basis volunteering in classrooms, providing support for teachers through Adopt a Class/ Materials, sponsoring special events through our very active PTA to raise funds that support academic achievement and the like. Our families embrace the fundamental environment and it is evident through their efforts.
