Monthly PLCs will focus on subject area strategies derived in a lesson study format, targeting specific areas in the Common Core Standards that will yield gains for all students.

The professional development efforts include the use of the Leading the Learning Cadre, the Literacy Team and the Literacy Coach. This professional development will increase the understanding and implementation of identified skills in each content area.

The parent involvement efforts will continue since Shore Acres Elementary has great parent involvement with monthly after school and evening activities for the parents to get involved in. Most evening parent events had an average of 200 parents in attendance.
