Issue 3

As we enter November, I want to take a moment to express my deep gratitude for our incredible school community. This is always a special time of year—a time to reflect, give thanks, and celebrate the growth we've achieved together.

Our teachers have been wrapping up conference week and student data chats, sharing valuable insights with families about student progress and next steps. These conversations are vital to our mission of Excellence for All, Every Day, Every Way. They help strengthen the home-school connection and ensure that every student receives the personalized support they need to thrive.

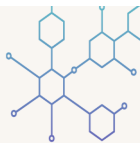

I am so proud of the hard work our teachers and students have been putting forth this semester. Their dedication to our School Improvement Plan (SIP) goals—strengthening core instruction, differentiating small groups, improving school culture and climate, and utilizing student data tracking—is evident every day in classrooms across our campus.

This commitment is paying off. We are just five points away from earning an A school grade, and that's a direct reflection of the collective excellence and effort of our entire Jamerson community. Together, we are showing what it means to be true Trailblazers—innovative, resilient, and determined.

Principal

- Must be in their classroom and ready to work when the 8:45am bell rings

Conscious Discipline Corner

November Skill – Encouragement

Encouraging children to help others creates a sense of belonging in which the intrinsic desire to be of service outshines attention-seeking behaviors.

Power Associated with Encouragement: Power of Unity

Big Idea: We are all in this together.

Goal: To perceive compassionately, and offer compassion to others and to ourselves.
