

Please support the Paul B Stephens School PTA today!

The PTA’s mission is to make every child’s potential a reality by engaging and empowering families and communities to advocate for all children. We sponsor several programs throughout the school year to benefit our students. A vital part of our purpose is to help the teachers to help the students. We help to cover a portion of teacher’s classroom expenses each semester as a way to bring more learning opportunities to our students.

The Paul B Stephens PTA relies on donations and fundraisers to operate.
