March 2025

HAPPY MARCH

Spring is here and we have two weeks of important instruction before Spring Break. These are the last two weeks of the 3rd grading period.

When we return from Spring Break, we will begin our last quarter of the year. Our teachers are working hard to ensure your child has met grade level standards and are ready for end of the year testing. You can help by talking with your child about their school work, checking in to see if they can do extra work at home, communicating with your child's teacher, and ensuring they are in school daily and on time.

Cycle 3 testing will begin in mid April for students in Pre K-Grade 2 and begin the first week in May for students in grades 3-5. Students need to be in attendance during these important testing windows.
