Dear Parents,

It's a pleasure to welcome you and your child to a new school year. As your superintendent, I am committed to working with our staff, parents and community members to ensure that all students have a safe and productive learning environment.

The 2018-19 Student Code of Conduct provides expectations for student behavior that support personal growth and promote student learning. Please read each page carefully and familiarize yourself with parental responsibilities. Encourage your child to read the Code of Conduct and discuss it with you, too. Together, we can ensure your child reaches his or her full potential.

Parent Action: After you and your child review the Student Code of Conduct, please sign the Parent and Student Acknowledgement Form, which can be found on page 7, and submit it to your child's school OR complete the electronic signature option through the Student Reservation System. There are directions in the box below.

The Student Code of Conduct is available online at www.pcsb.org/code. If there are updates to the code during the school year, you'll find them there, too. If you have questions about policies or procedures, please contact your child's principal to discuss them.

Parental involvement is crucial to student success. Thank you for partnering with us in your child's education. With your collaboration, we can achieve our mission of educating and preparing each student for college, career and life.

Sincerely,

Michael A. Grego, Ed.D.
Superintendent

***NEW* Electronic Signature Option**

Four parent forms are available for electronic signature. You may sign them electronically instead of submitting hard copies to your child's school. Log in to the Student Reservation System, <https://reservation.pcsb.org>, and select "PCS Forms." These forms are available for electronic signature:

- Parent and Student Acknowledgement (hard copy, page 7 of the Code of Conduct)
- Directory Information Opt-Out (hard copy, page 11 of the Code of Conduct)
- Network/Internet Acceptable Use Agreement (hard copy provided by your child's school)
- Media Release Form (hard copy provided by your child's school)

Please note: The Parent and Student Acknowledgement and Directory Information Opt-Out forms apply only for the school year in which they are signed. The Network/Internet Acceptable Use Agreement and Media Release forms once signed, are active the entire time your child is enrolled in Pinellas County Schools and do not need to be re-submitted each school year.

PARENT AND STUDENT ACKNOWLEDGEMENT

This CODE has been written so students and family members know what behavior is expected and prohibited at school or at school activities. It is helpful if parents are aware of school rules so they can help support them from home. Failure to return this acknowledgement will not relieve a student or the parent(s) from the responsibility for knowledge of the contents of the Code of Student Conduct.

I have read:

- Summary of Changes
- The Annual Notice About Your Rights Concerning Student Records including releasing information to military recruiters and institutes of higher education. (page 9; Directory Information Opt-Out form on page 11)

ANNUAL NOTICE ABOUT YOUR RIGHTS CONCERNING STUDENT RECORDS

Dear Parent and Student:

State and federal law gives parents (and students over 18 years of age) certain rights concerning the student's school records. These rights are listed below.

1. You have a right to look at your school records. To look at your records you should give the principal a written request listing the records that you want to see. The principal must allow you to see the records within 30 days from receiving your request.
2. You have a right to request changes in your school records if you believe the records are inaccurate, misleading, or that they violate your privacy rights. If you want to change your records you should tell the principal in writing what you want changed and why you think it ought to be changed. If the principal agrees with you, your records will be changed. If the principal disagrees with you, you may request a hearing.
3. Your consent is required before others may see your school records; however the law authorizes some people to see your records without your consent. One example is a school official with a legitimate educational interest in the record. A school official includes a person employed by the School Board as an administrator, attorney, supervisor, instructor, or support staff member; adult school volunteer; and a person or company with whom the School Board has contracted to perform a special task (such as an attorney, school resource officer, auditor, medical consultant, or therapist). A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
4. You have a right to file a complaint with the U.S. Department of Education if you believe the school has violated any of your rights with respect to school records. If you have a complaint, send it in writing to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-4605

Some of the information in your school records is not confidential and may be released without your consent. This information is known as "directory information."

If you do not want directory information released, you must tell the principal in writing what types of directory information you do not want released. That written notice to the principal must be received no later than September 1 of each year or within 20 days of receiving this annual notice. You may use the form on the next page to do this (Part 1).

Military recruiters and institutions of higher education are entitled under federal law to a list of names, addresses, and telephone numbers of high school students unless you object to such release. If you notify your principal in writing at any time that you do not wish your child's name, address, and telephone number released without your written consent, we will honor that request. You may use the form on page 11 to do this (Part 2).

Both parents have a right to see the school records of their child unless there is a certified copy of a court order on file at the school that specifically denies the right to access to school records.

Copies of school records are available for a minimal copying charge. If you have any questions about these rights, please contact your school office.

NOTIFICATION OF RESPONSIBILITY PARENTS OR GUARDIANS FOR STUDENTS WHO ARE TRANSPORTED AT PUBLIC EXPENSE

Pursuant to Florida State Board of Education Rule, the District is hereby notifying parents and guardians that they are responsible to:

1. Ensure the safe travel of their students during the portions of each trip to and from school and home when the students are not under the custody and control of the District, including during each trip to and from home and the assigned bus stop when the District provides bus transportation;
2. Ensure that students ride only in their assigned school buses and get off only at assigned bus stops, except when the District has approved alternative buses or arrangements;
3. Ensure students are aware of and follow the District's adopted Code of Student Conduct while the students are at school bus stops and to provide necessary supervision during times when the bus is not present; and
4. Ensure that, when the physical disability of the student renders the student unable to get on and off the bus without assistance, the parent or guardian provides the necessary assistance to help the student get on and off at the bus stop, as required by District policy or the student's individual educational plan.

ANNUAL NOTICE OF SCHOOL BOARD POLICY REQUIRED BY THE PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment (PPRA) requires the Pinellas County School District to notify you concerning the following School Board policy. The policy requires the district to obtain consent or allow you to opt your child out of participating in surveys.

Policy 2416 Student Survey Administration

The purpose of this policy is to comply with the Federal law for the collection and reporting of certain information by means of student surveys. The information that will be collected relates to student attitudes and behaviors on topics such as school safety, substance use and the prevalence of risky attitudes or behaviors, particularly with respect to alcohol and drug abuse. In addition, these surveys also collect information on general health practices and human sexuality. Such information is collected anonymously, and no personally identifiable information is obtained from or reported on any individual student. The District cooperates with other agencies such as the Florida Department of Health in conducting these surveys.

All student surveys must be approved by the Department of Assessment, Accountability, and Research.

Parents will be notified of upcoming surveys that reveal information concerning one (1) or more of the following items:

- A. political affiliations or beliefs of the student or the student's parent;
- B. mental and psychological problems of the student or the student's family;
- C. sexual behavior or attitudes;
- D. illegal, anti-social, self-incriminating, or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or student's parent;
- H. income (other than that required by law to determine eligibility for participation in a program or before receiving financial assistance under such program).

Participation Voluntary

No student shall be required to participate in such a survey if the student or the student's parent, if the student is less than eighteen (18) years of age, objects to participation.

Right to Inspect

A student or the student's parent, if the student is less than eighteen (18) years of age, has the right to inspect any such survey instrument before the survey is administered or distributed to students if a request is made within a reasonable period of time. Parents also have the right to be advised of arrangements that will be made to protect student privacy.

Student survey instruments and teacher directions for administering the survey will be available at each participating school within a reasonable period of time prior to the survey administration.

Parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student or used in a research or experimentation program in which the student is engaged. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal.

Notification of Parents

Parents will be notified of this policy annually at the beginning of the school year and within a reasonable period of time if any substantive change is made to this policy. Such notice shall include the specific or approximate dates during the school year when any such survey will be administered.

EXTRACURRICULAR ACTIVITIES NOTIFICATION

STUDENT ELIGIBILITY STANDARDS AND DISCIPLINARY ACTIONS

PINELLAS COUNTY SCHOOL BOARD POLICY IN BRIEF

- Home Educated students must be assigned through the district office.
- Students administratively transferred to another regular school for disciplinary reasons shall be ineligible for athletic participation for a period of the remaining of the school year.
- Students returning to any regular school from a successful reassignment/expulsion shall be eligible upon return to the regular school provided the student meets all FHSAA eligibility requirements.
- Students ejected from an athletic contest for unsportsmanlike conduct are subject to a fine to be paid by the student/parent/guardian to his/her school. The fine may range from fifty (\$50) to two hundred fifty (\$250), determined by the FHSAA, for gross unsportsmanlike conduct. An athlete who is ejected or disqualified for unsportsmanlike conduct will not participate in or represent the school in any future athletic contests until all fines assessed have been paid to the school.

ELIGIBILITY CRITERIA

- Academic Eligibility:
 - An incoming 9th grade student must have been regularly promoted to be eligible during the first semester.
 - Eligibility is based on an unweighted cumulative GPA in all courses taken since first entering the 9th grade.
 - Eligibility status is determined at the end of each semester (18 weeks) to determine if a student is eligible or ineligible. This means a student who maintains a cumulative 2.0 grade point average is eligible for an entire semester (18 weeks). If a student does not maintain a cumulative 2.0 grade point average, he/she is ineligible for an entire semester (18 weeks). This applies to 11th and 12th grade students. **PLEASE CONTACT YOUR SCHOOL'S ASSISTANT PRINCIPAL FOR ACTIVITIES OR YOUR SCHOOL'S ATHLETIC COORDINATOR IF YOU HAVE QUESTIONS.**
- A student will be eligible until he/she reaches the age of 19 years, 9 months.
- Students have four consecutive years of high school eligibility from the date they first enter the 9th grade. Beginning with students entering grade 9 in 2015-2016, and thereafter, a student who reached 19 on or after September 1st, and who has not exceeded his/her four year limit of eligibility, may participate in Interscholastic athletics during that school year.
- Physical Evaluation: The annual physical evaluation must be administered either by a licensed physician, a licensed osteopathic physician, a licensed chiropractic physician, a licensed physician assistant, or a certified advanced registered nurse practitioner. A physical evaluation is valid for one year (365 calendar days) from its date. For example, if a physical is on May 1 it is valid through the following April 30.

In addition, the following rules apply:

- A. A student not currently suspended from interscholastic or intrascholastic extracurricular activities, or suspended or expelled from school, pursuant to a district school board's suspension or expulsion powers provided in law, including ss. 1006.07, 1006.08, and 1006.09, F.S., is eligible to participate in interscholastic and intrascholastic extracurricular activities.
- B. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in s. 1006.15(3)(h), F.S.; 9.3.2.3 FHSAA.
- C. A student's eligibility to participate in any interscholastic or intrascholastic extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to s. 1006.20(2)(b), F.S.

Summary of Changes

SUMMARY OF CHANGES 2018-2019

Though there are only a few changes to the Code of Student Conduct this year, they are very important changes. The revisions include two legislative additions, formatting issues, and clarification of current policy. Underlines indicate additions or revisions.

FOR THE 2018-19 SCHOOL YEAR WE HAVE THE FOLLOWING CHANGES:

- **POLICY 5500.03 – STUDENT RESPONSIBILITIES (PG. 30)**

M. upon request, will properly identify him/herself to staff

A student must participate in school crisis plan activities and emergency drills such as lock-down and fire drills. (Failure to meet these requirements may lead to disciplinary action.)

- **POLICY 5500.07 – DISCIPLINE (PG. 41)**

Recognizing that students may need additional support in the form of mental health services, Pinellas County Schools will ensure referrals for services are made in alignment with state and federal guidelines. Such referrals are not to be punitive or as a form of disciplinary action; however, may be made in conjunction with a disciplinary incident.

Reformatting of the current list of behavioral offenses that could result in discipline. We have added the offense of HAZING.

- **POLICY 5500.08 – MISCONDUCT THAT REQUIRES SPECIFIC CONSEQUENCES (PG.47)**

B. Middle School and High School Students

If a student is in middle or high school when s/he violates this policy s/he will be suspended either in school or out-of-school for no more than three (3) consecutive days for one offense without permission from the area superintendent including reassignments and expulsions and reassigned to an alternative program, for one (1) or two (2) semesters unless the student meets the following criteria:

- It is the student's first alcohol or drug offense while enrolled as a Pinellas County Schools' student, and
- The student was not selling or intending to sell illegal substances, and
- The student was not charged with a felony during the incident.

If the student meets the listed criteria his/her parent or guardian will be offered an opportunity to participate in the Pinellas County Schools' drug/alcohol educational program. If the student's parent/guardian agrees that s/he will complete the program, the student's suspension may be reduced. The program specialist will document and provide evidence that the student successfully completed the program within the allocated period of time. If a student fails to successfully complete the program, the student will be immediately assigned to an alternative school program.

A student with two (or more) alcohol or drug offenses will be out-of-school suspended for three (3) days and reassigned to an alternative disciplinary program. Depending on the severity of the offense, the student may also be recommended for expulsion. Consequences for offenses noted above are cumulative across a student's academic career.

PCS Parent Communication & Engagement Expectations

Pinellas County Schools Parent Communication and Engagement Expectations

Pinellas County School District, families and communities have a shared responsibility for every student's education. Through a collaborative approach, it is our expectation that effective and on-going communication will enhance family engagement, resulting in a direct impact on improving student achievement. We embrace family engagement by supporting parents and guardians who seek our help, welcoming parents who wish to help the school, and empowering the voice of parents who are potential transformers of our system.

Critical attributes of effective, on-going, two-way communication include the following:

- Consistent focus of student achievement and well-being
- Courteous and respectful interactions between all stakeholders at all times
- Open minded exchange of ideas and information between student, family and staff related to achievement, organization, and/or behavior

Expectations for two-way communication

- Telephone and email communication will be used for extended discussion related to student performance and/or well-being.
 - All parents/guardians will provide the school with a current telephone contact number and/or email address.
 - All schools will provide parents/guardians with contact information for each teacher, counselor, and administrator, including their email address and telephone extension, if available.
 - School staff and parents/guardians will respond to phone messages and emails promptly.
- The student planner is an essential tool for establishing efficient and effective organizational habits in our students. In addition to the expectation that the planner will be used for recording student learning goals, assignments, and special events, each school will define clear expectations for the use of student planners to include:
 - How and when the planner can be used for families to communicate with the teacher(s).
 - Responsibilities and expectations of the student, the parent/guardian, and the teacher as it relates to the student planner.
- An effort will be made to conduct at least one conference annually for each student if warranted.
 - The preferred format is a student-led conference. When a family member is not able to attend the student-led conference, the student will select an adult who cares about them to substitute for their parent/guardian.
 - Other possible formats include a phone conference or the use of technology such as Elluminate, Skype, Face Time, etc.

- Teachers will:
 - Maintain up-to-date and accurate records of student grades and attendance in Focus
 - Communicate with parents/guardians when their child is struggling, has shown improvement, or does something exceptional.

PCS is committed to partnering with families to support student learning at home, school, and in the community. To that end, Pinellas County has both expectations and opportunities for family engagement.

- *School staff will:*
 - Foster positive relationships with parents to insure open communication when their child is struggling in school.

 - Insure their child reads for at least 30 minutes a day, even if it means that a family member or friend reads with them.
 - Ask their child open ended questions about the school day every day (suggestions below).
 - What did you learn about at school today?
 - What activities did you do at school today?
 - What did you read at school today and what about it interested you?
 - What did you do at school today that you enjoyed the most?

- *Students will:*
 - Use their planner as a tool for organization and tracking assignments.
 - Read for at least 30 minutes daily.
 - Take pride in their work and give all school assignments and assessments their best effort.

The **CODE**
of Student Conduct

100% Student Success

SECTION
I

Policy 5500

Guiding Principles

Code of Student Conduct (Policy 5500)

The primary goal of the District is to ensure that each student achieves at the highest possible level. Education is to be provided in a manner that does not discriminate or cause harassment on the basis of race, color, religion, sex, age, national or ethnic origin, political beliefs, marital status, disability, sexual orientation, or social and family background. In order for this to be accomplished every school staff member will strive to create a positive, safe environment that encourages and supports student success. Underlying causes for misbehavior will be explored, and when possible, positive redirection will occur and acceptable alternative behaviors will be taught. Such redirection may involve a collaborative effort of parents, school, and community.

It is the objective and policy of the School Board to recognize, preserve, and protect the individual rights of all students; and, at the same time, to encourage and enforce the exercise of these rights within the framework of an orderly and efficient school program. Within this framework, it is the duty of the Board, the administrative staff, and the faculty of each school to prevent and to prohibit student conduct that becomes dangerous, disruptive, or destructive, and therefore endangers the proper maintenance and function of the school program. It is expected that all disciplinary measures will be conducted in a manner that is respectful to the student and preserves that student's dignity wherever possible. Staff members model core value behaviors (Commitment to Children, Families, and the Community, Respectful and Caring Relationships, Cultural Competence, Trustworthiness, Responsibility, and Connectedness) that set an example for students who are expected to learn and practice those behaviors. It is the expectation that each student will behave in a manner that does not threaten, interfere with, or deprive other students of their right to an education and will accept responsibility for their behavior. An effective school environment must be safe and free from disruption.

In order to assist with the maintenance of such philosophy and to eliminate disparate rates of discipline, each school will implement a Positive Behavior Intervention and Supports plan (PBIS) that provides interventions matched to student need and describes consequences to be applied in an appropriate and consistent manner. The Positive Behavior and Intervention Supports plan (PBIS) should also include restorative, preventive practices/measures designed to build skills and capacity in students as well as improve interactions between students and adults. The schools will monitor progress frequently and make data-driven decisions about the effectiveness of general and remedial interventions and early identification/intervention with behavioral problems. Changes will be made as necessary or appropriate. The District will continue to provide relevant professional development with the expectations.

The Board further recognizes that students are protected and have certain rights extended to citizens under the United States Constitution and its amendments; and that these rights cannot be abridged except in accordance with the due process of law. Therefore, in order to clarify the guidelines of student behavior in the schools and establish procedures to be followed, the Code of Student Conduct has been adopted by the Board. The Code shall be mandatory and applied in a manner that is consistent with this philosophy of discipline. Individual schools may adopt additional regulations governing actions not covered by the Code, but such additional regulations may neither substitute for nor negate any Code provisions unless approved through the Board waiver process. It is essential that all students, their parents, teachers, and administrators understand and abide by the Code of Student Conduct.

Definition of Parent

"Parent" or "Parents" is either or both parents of a student, any guardian of the student, any person in a parental relationship to a student, or any person exercising supervisory authority over a student in place of the parent.

100% Student Success

SECTION **II**

Policies 5500.01-5500.03

Rights and Responsibilities

School staff and parents must work together in order to maximize a student's success at school. The District commits to working with and supporting families and the District needs parents to work with and support the District.

Parental Responsibilities (Policy 5500.01):

- A. Get to know the people at their child's school by going to teacher conferences and school-parent activities like PTA meetings and the School Advisory Council (SAC) meetings.
- B. The parent must complete the clinic card annually. Promptly notify your child's school of any change in your telephone numbers, including home phone, cell phone, work phone, emergency contact number, or home address.
- C. Understand and support the rules of this Code of Student Conduct and talk to their child about them.
- D. Teach their child to dress neatly and appropriately for school since it is a place to work and learn.
- E. Make sure their child arrives at school on time every day. Parents should be aware that if they live within two (2) miles of their child's school and the District has established safe walk pathways in that area, School District transportation would not be provided.
- F. Will not leave their child at school more than thirty (30) minutes before the start of the school day or pick their child up more than thirty (30) minutes after the school day unless the parent has made special arrangements with a teacher, administrator, or a before/after school care program. Supervision will not be provided beyond that time. This also includes school activities outside the regular school day such as clubs, dances, carnivals, practices, and games.
- G. Contact the school within forty-eight (48) hours after their child is absent to tell them the reason for that absence. Some schools require notes.
- H. Tell the school principal if there is a change in residence or custody of the student, even if the parent thinks the student is still in the school's attendance zone. The parent must tell the principal within five (5) days of the change. If the school discovers that the parent moved and the parent has not told them, their child could be considered to be "found out of that school's attendance zone". This could mean an immediate change of school for their child and their child could be deemed ineligible for athletics and other activities.
- I. Work with school staff members to solve any discipline or problems. The parent should let the school know if something has happened at home that could affect how their child does in school.
- J. Present a photo ID and sign in at the office before entering on campus while school is in session.
- K. Identification must be shown to the office staff when someone takes an elementary or middle school student from school during the day. Identification may be required at high schools.

When parents are divorced or separated, both parents have full rights to participate in the child's school activities and know what is happening at school unless there is a court

order limiting that access. If such an order exists then the principal must have a certified copy.

Absent prior permission from the parent, no student shall be permitted to leave school prior to dismissal at the request of or in the company of anyone other than an authorized school employee; a law enforcement officer; child protective investigator, or other official acting in the exercise of his/her lawful authority; or the parents of the student. Prior parental permission must be evidenced on the Student Clinic Card and Release Form or on a separate written instrument signed by the parent.

In the event that the school receives conflicting direction from divorced or separated parents (including parents who were never married) concerning a student, the school may rely on the direction of the parent identified by the following criteria, which are listed in order of priority:

First, the parent who is designated in a parenting plan or other Florida court order as having either educational decision-making authority or sole parental responsibility over the student; or

Second, if both parents are designated as educational decision-makers with shared parental responsibility, the parent who resides at the address specified in the parenting plan or other Florida court order as the address to be used for school assignment purposes; or

Third, if no such parenting plan or order exists or no such address is specified, the parent who resides at the address used by the District for student assignment purposes, whether or not the student is attending their zoned school; or

Fourth, if the address on file with the District is not valid or otherwise relevant, the school may rely upon the direction of the parent who enrolled the student.

- L. Give the school written permission if they want a stepparent who is not the legal guardian of the child to have information about the child or sign forms related to the child. Permission must be submitted to the school every year.
- M. Be prepared to pay for any damage done to School Board property by their child. If payment is not made and the amount is substantial, the principal will send the matter to the Superintendent.
- N. Pay for lost or damaged books or other teaching materials. Failure to pay may mean that no other books or materials will be given to their child, their child will not be able to participate in extra-curricular activities, or their child will be required to pay the debt through community service at the school. The principal will make those decisions.
- O. Adhere to school developed, on-site traffic plans for vehicles when bringing students to school or picking them up after school, and encourage their children if they are walkers and bicyclists to follow safety rules and use pedestrian-safety features where available.

Student Rights (Policy 5500.02)

In General

To District students, a student has a right to an education, regardless of his/her race, color, creed, religion, sex, marital status, heritage, age, disability, or sexual orientation. Some of a student's basic rights include the right to:

- A. Learn
- B. Disagree
- C. Petition
- D. Freedom of expression
- E. Publish
- F. Assembly
- G. Privacy

A student's exercise of these rights must conform to the Code of Student Conduct. Things a student cannot do include:

- A. violate the rights of others;
- B. disrupt the classroom;
- C. disrupt the operation of the school;
- D. bring drugs, weapons, or contraband to school.

First Amendment Freedom of Expression

The United States Supreme Court ruled in 1969 that public school students do not leave their constitutional right to freedom of expression at the schoolhouse gate. A student has a right to freedom of expression; however, when a student exercises that right, the student must do so in a responsible manner that does not cause a disruption of the school or a school activity. A principal may impose reasonable time, place and manner restrictions on your exercise of First Amendment freedom of expression when there is evidence of imminent disruption of the school.

Searches and Seizures

A student's locker, vehicle, purse, backpack, and other personal possessions can be searched if there is a reasonable suspicion that any of them contain drugs, weapons, contraband or other items not permitted on campus. Trained sniff-screening dogs are allowed in the schools to prevent drugs and weapons at school. The routine checks by the dogs are not considered a search by law. They are safety preventions to give students a safe and healthy school in which to learn.

Sororities, Fraternities & Secret Societies

These organizations are not allowed in schools. A student cannot participate or join in any type of initiation to such organizations.

Student Responsibilities (Policy 5500.03)

To be successful and to help maintain an orderly learning environment, the student should:

- A. attend school each day;
- B. arrive on time;
- C. be prepared with proper materials and supplies;
- D. keep a planner/agenda;
- E. complete all assignments including homework to the best of his/her ability and on time;
- F. dress appropriately;
- G. be tolerant of and respectful to self and others;
- H. see teachers about makeup work and complete it in a timely manner;
- I. contact the principal, assistant principal, guidance counselor, teacher, or peer tutor regarding conflicts or concerns;
- J. set goals for success;
- K. get enough sleep;
- L. set responsible working hours outside of school.
- M. upon request, will properly identify him/herself to staff.

A student must participate in school crisis plan activities, practices and emergency drills, such as lock-down and fire drills. (Failure to meet these requirements may lead to disciplinary action.)

If a school uses I.D. cards, students will follow school guidelines related to the card.

A student living alone or away from home is subject to the same policies as all other students.

SECTION III

Policy 5500.05

Attendance

Student Attendance (Policy 5500.05)

(Elementary School, Middle School, High School, Dual Enrollment)

Philosophical Basis and Purpose:

The classroom experience is of unique value and cannot be duplicated by make-up work. The purpose of this attendance policy is to foster responsibility and reliability on the part of District students to attend all classes. Students will acknowledge greater emphasis on attendance at school because credit in their classes will be contingent upon their presence.

DEFINITIONS

I. COMPULSORY SCHOOL ATTENDANCE

- A. All children who have attained the age of six years or who will have attained the age of six years by February 1 of any school year, or who are older than six years of age but who have not yet attained the age of 16 years, except as hereinafter provided, are required to attend school regularly during the entire school term. (F.S. §1003.21) (1) (a))
- B. A student who attains the age of 16 years during the school year is not subject to compulsory school attendance and may withdraw from school only if the student files a formal declaration of intent to terminate school enrollment with the School Board. The declaration must acknowledge that terminating school enrollment is likely to reduce the student's earning potential and must be signed by the child and parent. A student who attains the age of 18 years during the school year is not subject to the legal sanctions for compulsory school attendance. (F.S. §1003.21 (2) (c)) An exit interview must be conducted by school personnel to determine the reasons for the student's decision to terminate school enrollment and actions taken to keep the student in school. (F.S. §1003.21(2) (c))
- C. Students under 16 years of age may not be withdrawn from school for any reason unless expelled through Board action or covered by an exemption allowed by Florida Statute. (F.S. §1002.20 (2)(b))
- D. Compulsory school attendance requirements may be met by attendance in a home education program. A "home education program" means the sequentially progressive instruction of a student directed by his or her parent in order to satisfy the attendance requirements of Florida law. (F.S. §1002.01(1))
- E. For students enrolled in Department of Juvenile Justice Programs, the compulsory school attendance requirement is governed by state law and regulations and includes a longer term. (F.S. §§1003.01(11), 1003.52)

II. ABSENCES

A. ABSENCE DEFINED

A student who is not present in class at least one half of the class period shall be counted absent from that class. To be counted present for the school day, a student must be in attendance for at least one half of the class periods during the school day.

B. EXCUSED ABSENCES

Students must be in school unless the absence has been permitted or excused for one of the reasons listed in paragraph V below.

C. UNEXCUSED ABSENCES

Any absence which does not meet the criteria of an excused absence is an unexcused absence. The following are examples of unexcused absences:

1. out-of-school suspensions
2. family vacations
3. Students without a completed Certificate of Immunization indicating compliance with the current required schedule of immunizations will not be allowed to attend classes until this document is provided or a waiver is obtained. Absences due to non-compliance with immunization requirements shall be considered unexcused. However, students transferring into Pinellas County, including foster care students, or homeless students, a temporary 30-day waiver of both health examination documents and certificates of immunization will be granted. (F.S. 1003.22(1) (5) (e))

III. TARDIES

A student is tardy when the student is not in his or her assigned seat or station when the bell rings.

A. EXCUSED TARDY

A tardy is excused only if the student is late for one of the reasons described in section V.

B. UNEXCUSED TARDY

A tardy is not excused unless it is caused by reasons set forth in section V. Examples of unexcused tardies include:

1. oversleeping
2. missing the school bus
3. shopping trips
4. pleasure trips
5. car problems (ex: flat tire, no gas, car won't start, student getting a parking decal)
6. heavy traffic
7. returned for forgotten items

Habitual tardiness is unacceptable and unfair to other students because instruction is interrupted every time a late student arrives. Individual schools may develop school-based consequences for tardy students.

IV. EARLY SIGN OUT

Once students arrive on campus, they may not leave without permission from an administrator. Students who must leave school during school hours must have their parent request this release by phone or in person to the office in order to obtain pre-approval.

A. EXCUSED EARLY SIGN OUT

The same criteria used to determine an excused absence and an excused tardy will be used to determine whether an early sign out is excused.

B. AN UNEXCUSED EARLY SIGN OUT INCLUDES:

The same criteria used to determine an unexcused absence and an unexcused tardy will be used to determine whether an early sign out is unexcused.

Numerous incidents of early release are unacceptable and unfair to the other students whose instruction is interrupted each time a student leaves early.

V. REASONS WHY AN ABSENCE, A TARDY OR AN EARLY SIGN OUT WILL BE EXCUSED

An absence, a tardy or early sign out will be excused if caused by one of the following reasons:

- A. The student is ill or injured.
- B. There is a major illness in the student's immediate family (this means parents, brothers, sisters, grandparents, or others living in the home).
- C. There is a death in the immediate family.
- D. The student attends religious instruction or there is a religious holiday in the student's own faith.
- E. The student is required by summons, subpoena or court order to appear in court. A copy of the subpoena or court order must be given to the principal.
- F. Special event. Examples of special events include important public functions, conferences, state/national competitions, as well as exceptional cases of family need. The student must get permission from the principal at least five days prior to the absence.
- G. The student has a scheduled medical or dental appointment.

- H. Students having, or suspected of having, a communicable disease or infestation which can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (F.S. 1003.22). Examples of communicable diseases and infestations include, but are not limited to, fleas, head lice, ringworm, impetigo and scabies. Students are allowed a maximum of three (3) excused days for each infestation of head lice unless extended by principal. Students on field trips and students who attend alternative to suspension programs are not considered absent.

VI. MAKE-UP WORK FOR ABSENCES (EXCUSED, UNEXCUSED OR SUSPENSION). (This does not apply to specific homework provided under F.S. § 1003.01 to certain suspended students.)

Make-up work for full credit and without a grade penalty is allowed for all absences. It is the student's responsibility to obtain the missed work. The number of days allowed to make up the work shall be equal to the number of days the student was absent, except in cases where the grading period ends before such time. In those cases, the work must be turned in before the end of the grading period.

VII. RESPONSIBILITY OF PARENTS AND STUDENTS TO ATTEND SCHOOL

Parents and students must do the following in connection with school attendance:

- A. Ensure the attendance of a child of compulsory school attendance age, as required by law. (F.S. 1003.24)
- B. Notify school personnel of their child's absence prior to the end of the school day of the absence, if possible and provide written notification within 48 hours of the child's return to school. Otherwise, the absence will be unexcused.
- C. If requested, provide documentation of illness from a physician or public health unit within 48 hours. The maximum number of days that a student may be absent without acceptable documentation justifying the absence is five (5).
- D. Notify the school of any change of address, phone numbers and emergency contact numbers.
- E. Obtain application from currently assigned school if a student is eligible for homebound instruction.
- F. Notify school personnel if the family is moving out of town or out of the school's attendance boundary.
- G. Be aware of school district calendar and coordinate trips, vacations and personal business to support attendance on school days.
- H. Notify the school and request a copy of the Hospital/Homebound referral packet if a student is expected to miss at least 15 consecutive school days due to illness, medical condition, or social/emotional reasons, or may miss excessive days intermittently throughout the school year for the same reasons.

VIII. RESPONSIBILITY OF SCHOOL DISTRICT REGARDING STUDENT ATTENDANCE

A. PATTERNS OF NON-ATTENDANCE

Non-attendance for instructional activities is established by tardiness, early-release, or absences from school.

1. Each principal must make the necessary provisions to ensure that all school attendance reports are accurate and timely and must provide the necessary training opportunities for staff to accurately report attendance (F.S.1003.23 (1)). Principals are required to maintain an attendance record which shows the absence or attendance of each child enrolled for each school day of the year. (F.S.1003.23 (2))
2. When a student accumulates five (5) absences during a grading period, other than out-of-school suspensions, whether excused or unexcused, school personnel shall make a good faith effort to contact the parent by telephone to discuss the reasons for the absences and shall document such contact.
3. A letter shall be sent to the parent or guardian and a referral will be made to the school's Child Study Team for a student who has had at least five unexcused absences, or absences for which the reasons are unknown, within a calendar month, or 10 unexcused absences, or absences for which the reasons are unknown, within a 90 calendar day period.
4. If the parent or guardian of a child who has been identified as exhibiting a pattern of non-attendance enrolls the child in a home education program, the Superintendent shall refer the parent to a home education review committee composed of the district contact person for home education and at least two home educators selected by the parent from a district list of all home educators who have conducted a home education program for at least three years and have indicated a willingness to serve on the committee.

5. If a child subject to compulsory school attendance will not comply with attempts to enforce school attendance, the Superintendent may file a truancy petition pursuant to the procedures set forth in Section §984.12, Florida Statutes. The superintendent may also refer the case to the case staffing committee which may file a child-in-need-of-services petition. The superintendent may also take such steps as are necessary to bring criminal prosecution against the parent. (F.S. §1003.26)
6. Students 14-18 years of age who have 15 unexcused absences within 90 calendar days and have a driver's license will have their driver's license suspended by the Division of Highway Safety and Motor Vehicles or will not be issued a license if they apply for one.

SECTION **IV**

Policy 5500.04

Dress Code

Dress Code (Policy 5500.04)

In General

The dress and grooming of District students shall be neat and clean, promoting a positive educational environment. Apparel that disrupts educational activities and processes of the school will result in the removal of the student from the regular school environment until acceptable apparel can be secured for the student. The administration will be the final judge about whether a student's clothing is appropriate for school or whether it will create an environmental climate that is distracting to learning. Principals, faculty, and staff members will enforce the dress code. Failure to comply with the dress code will be handled similarly to other disciplinary infractions. Non-compliance may result in consequences including but not limited to detention, in-school suspension and loss of eligibility to participate in extracurricular activities.

Pursuant to F.S. 1006.07, wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the learning environment will have the following specific consequences. In addition to these consequences, the violation shall be corrected before the student is allowed back in the regular school environment:

- A. For a first offense, a student shall be given a verbal warning and the school principal (or designee) shall call the student's parent or guardian.
- B. For a second offense, the student is ineligible to participate in any extracurricular activity for a period of time not to exceed 5 days and the school principal (or designee) shall meet with the student's parent or guardian.
- C. For a third or subsequent offense, a student shall receive an in-school suspension pursuant to F.S. 1(5) for a period not to exceed 3 days, the student is ineligible to participate in any extracurricular activity for a period not to exceed 30 days, and the school principal (or designee) shall call the student's parent or guardian and send the parent or guardian a written letter regarding the student's in-school suspension and ineligibility to participate in extracurricular activities.

Individual schools may have additional dress and grooming requirements, if recommended by administrators, faculty, and staff, and if approved by a majority of School Advisory Council (SAC) members. Notice of amended requirements must be provided to all parents in a timely manner through at least one (1) written or verbal communication and published in a document, such as the school handbook or student planner.

Requirements for student dress in all schools are listed below:

- A. All shirts and blouses must cover midriff, back, sides, and all undergarments including bra straps at all times. All shirts, tops, and dresses shall have sleeves and cover the shoulders.
- B. Shorts, skirts, divided skirts, dresses and culottes are allowed. They must be mid-thigh length or longer.
- C. All trousers, pants, or shorts must totally cover undergarments, including boxer shorts.
- D. All clothing, jewelry, or tattoos shall be free of the following: profanity; violent images, wording or suggestion; sexually suggestive phrases or images; gang related symbols; alcohol, tobacco, drugs or advertisements for such products.
- E. Safe and appropriate footwear must be worn. Inappropriate footwear includes, but is not limited to, roller skates, skate shoes, and bedroom slippers.

Further Clarification/Other Requirements:

- A. Form fitting leotard/spandex type clothing is not allowed unless proper outer garments cover to mid-thigh length or longer.
- B. See through or mesh fabric clothing may only be worn over clothing meeting requirements.
- C. Clothing must be appropriate size, with the waist of the garment worn at the student's waist.
- D. Clothing not properly buttoned, zipped, fastened, or with inappropriate holes or tears shall not be worn.
- E. Clothing and footwear traditionally designed as undergarments or sleepwear shall not be worn as outer garments.
- F. Sunglasses may not be worn inside unless a parent provides a doctor's note to the school.
- G. Bandanas or sweatbands are not allowed to be visible on school grounds during the regular school hours.
- H. Hats or other head coverings may be worn during outside P.E. activities and may not be worn during any portion of the regular school day without the expressed permission of the principal.
- I. If the school has a mandatory school uniform policy, the student must adhere to those requirements.

Policies 5500.07-5500.08, 5500.10

Discipline: Interventions and Consequences

MISCONDUCT THAT MAY RESULT IN DISCIPLINARY ACTION (POLICY 5500.07)

In General

A student is expected to behave at school, school activities, and the school bus stop. A student may be disciplined if they do anything at school, a school activity, or the bus stop (or attempt to do anything) that violates a school rule or may hurt, harass or threaten others; damage property; disrupt class or school; or violate a criminal law.

In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior. Any disciplinary or prosecutorial action taken against a student who violates this policy must be based on particular circumstances of the student's misconduct.

Off-campus student misconduct can result in discipline in certain circumstances, including where the misconduct has a connection to school related activities or incidents or if the misconduct is directed at a Board official or employee or their property.

Recognizing that students may need additional support in the form of mental health services, Pinellas County Schools will ensure referrals for services are made in alignment with state and federal guidelines. Such referrals are not to be punitive or as a form of disciplinary action; however, may be made in conjunction with a disciplinary incident.

Specific Acts/Offenses

Listed below are some acts of misconduct. These acts are not the only acts that may result in discipline (including suspension, reassignment or expulsion). They are only examples. DEFINITIONS OF TERMS/ADMINISTRATIVE CODING

Some but not all definitions of terms and/or student conduct which are considered to be violations of the Code of Student Conduct are described in this section. The use of words, such as battery and arson, are not meant to be considered equivalent to or to carry the same standards and consequences as the same words, which are defined in the criminal context in the Florida Statutes. The School Board retains the flexibility and right to attach definitions found in Board Rule to such words without attaching any criminal standards set by the courts or legislature. When a student has committed an infraction, the misbehavior is to be classified according to the definition which best describes it.

In General

There are some things that result in a specific consequence if a student is found to have done them. These include acts involving:

- A. use of tobacco products;
- B. illegal drugs, alcoholic beverages, and harmful substances;
- C. bombs and bomb threats;
- D. chemical and biological attacks or threats;
- E. guns, weapons, and dangerous objects;
- F. violent acts resulting in serious injury;
- G. felony charges and convictions.

The District promotes a safe and supportive learning environment in schools, to protect students and staff from conduct that poses a serious threat to school safety. District staffs are encouraged to use alternatives to expulsion or referral to law enforcement agencies unless otherwise required by law. School based administrators shall provide consistent school-based discipline, where appropriate and authorized by policy.

Certain acts are considered a serious threat to schools safety and must be reported to law enforcement. These acts include, but are not limited to, the following:

- Possession or use of a bomb and making of a bomb threat;
- Chemical and biological attacks or threats;
- Possession or use of a gun, weapon, or firearm.

Petty acts of misconduct and misdemeanors including, but not limited to, minor fights or disturbances, should ordinarily not be referred to law enforcement and should not ordinarily result in student arrest. Petty acts of misconduct are those that an administrator reasonably believes do not pose a threat to the safety of students, staff, volunteers, or other persons, or a threat of harm to Board property.

Tobacco and Nicotine

Use of tobacco and nicotine products on school grounds is a violation of the Code of Student Conduct.

A. Illegal Use of Tobacco

Smoking by minors within 1,000 feet of a school is illegal. Also, if a student is caught smoking inside a school building s/he will receive a written citation from the School Resource Officer. The first time a student receives a citation the court may fine the student up to \$100. For any additional citations, the court may fine a student up to \$500.

B. Violation of Code of Student Conduct

In addition to possible fines, if a student is caught using any form of tobacco or nicotine product at school, at any school-sponsored activity, at a bus stop, or on the bus, the student will be suspended for three (3) days. The first time a student is caught, s/he can avoid the suspension by completing a smoking treatment program approved by the principal.

For purposes of this policy, "use of tobacco and nicotine products" shall mean all uses of tobacco, including cigars, cigarettes, pipe tobacco, chewing tobacco, snuff, or any other matter or substances that contain tobacco or nicotine as well as any uses of electronic cigarette/cigar or any other product designed to imitate any of the products mentioned herein regardless of whether it contains tobacco or nicotine. "Use of tobacco and nicotine products" shall not include use of nicotine patches or nicotine gum for their intended purposes, so long as Florida law does not prohibit the student, based upon his/her age, from possessing nicotine patches or nicotine gum.

Illegal Drugs, Alcoholic Beverages, Harmful, and Other Substances

If a student is an elementary student when s/he violates this policy for the first or second time, the principal will suspend the student either in-school or out-of-school for no more than three (3) consecutive days for one offense without permission from the area superintendent including reassignments and expulsions. If the student's parent agrees that s/he will complete an approved drug or alcohol educational program, the student's suspension may be reduced. The program specialist must provide proof that the student successfully completed the educational program within the allocated period of time.

B. Middle School and High School Students

If a student is in middle or high school when s/he violates this policy s/he will be suspended out-of-school for no more than three (3) consecutive days for one offense and reassigned to an alternative program, for one (1) or two (2) semesters, unless the student meets the following criteria:

- It is the student's first alcohol or drug offense while enrolled as a Pinellas County Schools' student, and
- The student was not selling or intending to sell illegal substances, and
- The student was not charged with a felony during the incident.

If the student meets the listed criteria his/her parent or guardian will be offered an opportunity to participate in the Pinellas County Schools' drug/alcohol educational program. If the student's parent/guardian agrees that s/he will complete the program, the student's suspension may be reduced. The program specialist will document and provide evidence that the student successfully completed the program within the allocated period of time. If a student fails to successfully complete the program, the student will be immediately assigned to an alternative school program.

A student with two (or more) alcohol or drug offenses will be out-of-school suspended for three (3) days and reassigned to an alternative disciplinary program. Depending on the severity of the offense, the student may also be recommended for expulsion. Consequences for offenses noted above are cumulative across a student's academic career.

F. Possession Based upon Knowledge

If a student arrives at school or a school activity in a car that contains illegal drugs or alcoholic beverages, and the principal believes there is evidence that s/he knew about the illegal drugs or alcoholic beverages, then the student will be considered as being in possession of the illegal drugs or alcoholic beverages.

Likewise, if a student is at a school function and are in a specific area or room where there are illegal drugs or alcoholic beverages, then s/he may be considered in possession of the illegal drugs or alcoholic beverages if the principal believes the evidence shows that the student knew about the illegal drugs or alcoholic beverages and chose to remain in the area or room. If student is in his/her own hotel room and become aware that another student in the room has an illegal substance, s/he is expected to alert a school staff chaperone immediately to request a room change.

The student may ask to have the suspension reduced by participating in a work back program which would include the completion of an approved drug or alcohol assessment.

I. Attempted Suicide

If a student attempts suicide with or without illegal drugs, it will be treated as a mental health issue. A mental health assessment will be conducted before deciding what to do.

For high school students, the administrator must make an effort to contact the student's parent by telephone. If the administrator is unable to contact the student's parent by telephone, the student will still be required to serve the detention. The administrator must document that an attempt to contact the student's parent was made. The student's parent is responsible for the student's transportation when s/he has detention.

In-School Suspension

A student can be assigned and sent to designated rooms or programs (examples: IC, ABC) in his/her school during the school day. A student will receive full credit for class work completed while in the assigned room or program and his/her absence will be a Code 6.

Student Work Assignments

If the student's parent and a school administrator agree, the administrator can assign the student to a work detail at the school for up to ten (10) hours for each offense. The principal will decide who will supervise the student's work.

Saturday School

A student can be sent to Saturday School if an administrator has contacted the student's parent and had a conversation with them at least twenty-four (24) hours in advance.

Removal from Class

A teacher may require that a student be removed from class if it has been documented that his/her behavior has seriously disrupted the teaching or learning in the classroom. If a student is removed from a class the principal may place the student in another appropriate classroom, in-school suspension, an alternative education program, or the principal may recommend the student for suspension or expulsion.

A student cannot be returned to that teacher's classroom unless the teacher consents or a school-based placement review committee has determined that doing so is the best or only available alternative. A decision on whether to return a student to the classroom must be made by the teacher or the committee within (5) days of the removal.

Parent Shadows Student

With reasonable notice, and if the principal and the parent agree, the parent will attend classes with a student for a day or specific period of time.

Out-of-School Suspension

A student can be suspended either in-school or out-of-school for no more than three (3) consecutive days for one offense without permission from the area superintendent including resignments and expulsions. If a student is suspended s/he cannot be on school grounds or attend any school activities. The administrator may consider the following before deciding to suspend a student:

- A. has the student been sent to the administrator at least once before?
- B. has the student's parent been told that his/her behavior is a problem and that s/he may be suspended?
- C. has the student been referred to his/her guidance counselor?
- D. has the student been given a work assignment before?
- E. has the student been referred to an outside agency for assistance?

There are circumstances under which the administration will suspend a student on the first offense.

Transfer

A student may be transferred to another school, including an alternative school (such as Pinellas Secondary, TELESCHOOL, adult school, etc.). The principal must recommend the student's transfer in writing to the Area Superintendent for the student's area and provide the student's parent with a copy of the recommendation. The student's parent may appeal a transfer to the Area Superintendent within five (5) days of being notified of the transfer recommendation. The Area Superintendent will review the situation and decide whether the student will be transferred. The student or parent cannot appeal the Area Superintendent's decision.

Disciplinary Reassignment

If the principal after completing an investigation determines that a student has done something wrong that requires removal from the school the principal will make a recommendation to the area superintendent. If the area superintendent supports the recommendation for reassignment then the student will be suspended for no more than three (3) days and then sent to an alternative school.

Expulsion

An expulsion means that a student cannot attend any District school except as allowed by the Board. If a student is serving an expulsion during the last semester of his/her senior year, s/he is not allowed to participate in his/her home school graduation ceremony. If a student commits an offense that is considered exceedingly serious, (a student causes critical human injury, extensive property damage, or excessive school disruption) the Board may decide not to allow the student to attend any school, including TELESCHOOL. In this instance referrals to community resources will be made.

Investigations at School (Policy 5500.02)

A. Criminal

Law enforcement may have the lawful authority to question and arrest students on school property. If a student is a suspect in a criminal investigation by the police that may result in a student's arrest or criminal charges, an administrator will make an effort to contact the student's parent before the police begin questioning the student unless law enforcement confirms that prior notification of a parent would jeopardize public safety. If a parent cannot be located, the police may go ahead with questioning. If the student's parent is contacted, the police may allow the student's parent to be present during the student's questioning.

A school representative will ordinarily, when reasonably available, be present, in the absence of a parent, during suspect interrogation of students on campus by outside law enforcement concerning a non-school related offense. The law enforcement officer, parent, or student may direct that the school representative not be present. The school representative shall not be expected or required to advocate on behalf of the student, and neither the representative nor the School Board is responsible for the manner or outcome of the interrogation. The parties recognize that police interrogation is a law enforcement function. Chapter 39, F.S., prescribes different procedures in the case of child protective investigations, which shall be followed whenever applicable.

B. Administrative

If a student is suspected of violating the Code of Student Conduct, school officials can question the student without first contacting the student's parent. The student does not have a right to have his/her parent present or a right to an attorney when the student is questioned.

C. Victim or Witness

If a student is a victim or a witness, the police or administrative investigators are allowed to question the student without first contacting his/her parent. If the investigation involves child abuse, the official conducting the investigation will decide who can be present during the student's interview.

D. Removal of Student from School Property

If a student is a witness, the police cannot remove the student from school property without a subpoena or first obtaining the consent of the student's parent. If the student is subject to arrest, with or without a warrant, the officer can remove the student without his/her parents' consent or the consent of school officials. The administrator will try to notify the student's parent as soon as possible unless law enforcement confirms parent notification would jeopardize public safety.

If a student needs to be taken into protective custody, the police can remove the student. Anytime a student is taken from school by a police officer, the police officer must sign a Release Order, giving the original to the Area Superintendent, a copy to be filed with the school, and a copy for your parents unless law enforcement confirms parent notification would jeopardize the student's safety.

Felony Charges and Convictions for Off-Campus Conduct (Policy 5500.08)

A. Notice of Felony Charges and Hearing

If a student commits a crime off campus and a prosecuting attorney formally charges the student with a felony or with a delinquent act that would be a felony if s/he were an adult, s/he may be suspended either in-school or out-of-school for no more than three (3) consecutive days for one offense without permission from the area superintendent including reassignments and expulsions. Before suspending the student, the principal will call him/her in with his/her parent to discuss the charges against the student. This discussion will be a "hearing" that will take place after the principal notifies the student's parent in writing by certified mail that the principal has received notice that s/he has been charged by the prosecuting attorney. That written notice will tell the student's parent of the specific charges against the student and advise them that they have a right to the "hearing".

B. Hearing Procedures

The "hearing" must take place within three (3) school days but no sooner than two (2) school days from the postmark date or the delivery date of the certified notice to the student's parent. At the "hearing" the principal will listen to witnesses called by the principal and the student also may present witnesses. The student may speak on his/her own behalf but s/he does not have to do so. If the student does not speak on his/her own behalf, s/he cannot be threatened with punishment or later be punished for not speaking.

The “hearing” will not be conducted like a court proceeding. There will be no “rules of evidence” nor will there be a court reporter to provide a transcript of the “hearing.” After the “hearing” the principal will let the student and his/her parent know, in writing, if the student is being suspended for no more than three (3) days. The decision to suspend the student cannot occur without conclusive evidence that the prosecuting attorney has formally filed a felony charge against the student. The principal must also determine that the student’s presence at school, after being formally charged for the incident, will have an adverse impact on the school.

C. Types of Charges That May Justify Suspension

The types of charges that may justify suspension under this provision are:

1. any felony involving violence,
2. rape or sexual battery,
3. lewd and lascivious act on a student under sixteen (16) years of age,
4. concealed weapon,
5. armed robbery,
6. sale of illegal drugs,
7. possession of a bomb,
8. any felony involving the use of a firearm,
9. battery on school system employee or official, or
10. aggravated battery.
11. There may be other charges that will justify suspension under this provision, if the principal determines that the student’s presence at school after being charged will have an adverse impact on the school.

D. Extension of Three (3) Day Suspension

If the principal suspends a student for three (3) days, the Superintendent may extend the student’s suspension until the outcome of the criminal charges that have been filed against the student is complete. During the student’s suspension, pending the outcome of the criminal charges, s/he will be assigned to an alternative educational program.

E. Expulsion upon Finding of Guilt

If the court determines that a student is guilty, the Board may expel the student. During the student’s expulsion, s/he may still attend the alternative program to which s/he has been assigned.

Transportation

CONDUCT ON SCHOOL BUSES (POLICY 5500.09)

In General

By riding a school bus the student consents to being videotaped and audio recorded while riding the bus.

Parents are responsible for providing the necessary assistance, protection and overall safety of their student while going to and from the bus stop.

Parents are responsible for their child's behavior at the bus stop prior to the arrival of the bus in the morning and after the departure of the bus at the end of the day. However, if a student is at the bus stop and violates the school rules, the school can still discipline the student for his/her behavior.

Students should arrive at the stop 5 to 10 minutes prior to the scheduled pick up time and stand off the roadway in a safe location where they are outdoors and visible to the driver. Students should remain at the stop up to 30 minutes after the scheduled pick up time in case the bus is running late.

The District seeks to ensure the safety of all students who ride District buses and staff who operate them. Unauthorized individuals including, but not limited to: parents, students, and siblings may not board a school bus or attempt to conference with a bus driver or authorized rider, while en route to or from school. Individuals who do not adhere to this expectation may face criminal prosecution for trespassing, in addition to other charges which may be brought pursuant to local and State law.

Any concerns related to transportation should be communicated to the school or the Transportation Department.

If a student causes any damage to the bus or another vehicle, the student's parent shall be responsible to pay for the damage.

Students must follow all safety procedures when loading/unloading from the bus:

- Be ready to board the bus
- Cross in front of the bus (10 to 12 ft)
- Do not cross street until stop arms are fully deployed and all traffic has stopped
- Magnet/fundamental/career academy students may be assigned to an arterial stop. All arterial stops are assigned a corner designation. Students are required to be at this designated corner location. Parents are responsible for insuring their student arrives and departs from any arterial stop safely.

Things a Student Cannot Bring on a Bus:

- A. glass containers of any kind
- B. sharp objects
- C. balls
- D. bats
- E. roller skates
- F. skateboards
- G. cutting instruments of any kind
- H. any large or bulky item that interferes with proper seating of students (examples: large musical instruments or athletic equipment) (Items must fit on the student's lap)
- I. any animal (dead or alive)
- J. batons, drum sticks, tennis rackets (unless in proper carrying case)
- K. or any other item prohibited elsewhere in the Code of Student Conduct

Rules While on the Bus

The bus driver is in charge and the student must obey the driver's instructions at all times. The student must provide the bus driver his/her correct name when asked. The bus driver and school will keep a seating chart. The student can be disciplined if s/he does not follow all District and school rules and the following special rules:

- A. sit in the student's assigned seat and use the seat belt if available
- B. stay seated at all times while the bus is in motion
- C. do not put any part of a student's body outside the bus windows
- D. do not distract the driver with loud conversation or noises
- E. do not eat or drink on the bus
- F. maintain absolute silence at all times when the overhead dome lights are on for railroad crossings
- G. do not throw any items on the bus or out of the bus windows
- H. do not mark, cut or damage bus seats or the bus itself
- I. do not display signs from the bus
- J. do not use obscene language or gestures
- K. no pushing/kicking/hitting/spitting
- L. no bullying
- M. emergency door is only to be used when there is an emergency. If there is an emergency, the student must follow the driver's instructions.

Discipline if a Student Does Not Follow the Rules

The School Board believes that the student and his/her fellow students, as well as the bus driver, should be able to ride safely on school buses. Therefore if a student misbehaves, s/he may be removed from the bus.

If a student commits minor infractions, the school bus driver has the authority to address his/her behavior. Minor infractions include but are not limited to:

- chewing gum
- eating on the bus
- general use of profanity
- being too loud and disruptive

If a student causes repeated problems on the bus by doing something the bus driver considers a more serious rule violation, the bus driver will report the student to the school office. The bus driver will give the school a written referral about what the student did.

Major infractions include but are not limited to:

- sitting inappropriately
- throwing paper or items in or out of the bus
- spitting, rough housing, fighting, pushing, kicking, hitting
- inappropriate touching
- not using assigned bus stop
- moving while bus is in motion
- noisy at railroad crossings
- unsafe street crossing
- possession of tobacco products, drugs or alcohol
- spraying scents or perfumes while in the bus
- weapons of any type
- profanity directed to an adult

Consequences

- School administrators can take any of the following disciplinary steps against a student for misbehaving at a bus stop or on a bus, and will notify the student's parents, on an approved form, when they take any of these steps.
- The student will be warned that his/her behavior is not allowed and if repeated, may result in further discipline as well as suspension of his/her bus riding privilege.
- The student can be disciplined the same as if s/he had misbehaved at school.
- The student can be suspended from riding the bus. Parents are responsible for transporting their student to and from schools during the bus suspension.
- Expel the student from riding a school bus if previous discipline has not worked or if s/he commits a serious offense. The process by which a student is expelled from riding the bus is the same as the process for being expelled from school. The principal makes a recommendation to the Superintendent, who then recommends it to the Board. If fewer than thirty (30) school days remain in the semester when the Board considers the issue then the expulsion will include the remainder of the current semester as well as the designated semesters of expulsion.

Policy 5500.13

Appeals/Grievance Process

APPEALS (POLICY 5500.09)

Appeal of Bus Suspension

A student's parent may appeal a bus suspension by calling the school principal or assistant principal. The parent must come to the school and have a conference with a school administrator and a representative from the transportation department as part of the appeal. The student may be permitted to ride a bus pending the outcome of his/her bus suspension appeal as long as s/he behaves. If expulsion has been recommended, a student cannot ride a bus until the Board rules on his/her expulsion.

If a student engages in violent or very unsafe behavior while riding the bus, the school shall additionally suspend his/her bus riding privileges until the school can hold a conference with the student's parent. The school will then determine whether to take additional disciplinary steps, including bus expulsion, and whether to impose further rules for the student's return to bus riding.

Appeal of Out of School Suspension (Policy 5500.12)

In General

The appeal process for a suspension begins at the school level with the school principal. Below are the questions and answers to assist with that process.

Q How can a student appeal a suspension?

A If the student's parents want to appeal the suspension, they should notify the principal in writing before the student's suspension is over. When the principal receives the notice from the student's parents that they wish to appeal, s/he will offer to arrange a conference with the student's parents. The student's parents may prefer to discuss their appeal with the principal by telephone. If the student's parents do not notify the principal in writing before the end of the student's suspension that they want to appeal, the suspension is final.

Q What happens at the conference?

A The student's parents (and the student if s/he is present) will discuss with the principal what has occurred. The principal will go over the incident that led to the suspension and review the evidence supporting the suspension. The principal also will review the process that was followed leading up to the decision to suspend the student. This will include a review of how the student was told about the accusations and the evidence against the student and how the student was allowed an opportunity to tell his/her side of the story.

If the student or his/her parents believe that the school did not follow all of the requirements for suspending the student, the student must tell the principal exactly what was not done that the student believes should have been done. For example, if the assistant principal did not give the student something in writing that told the student what s/he was accused of doing, the student must tell the principal that at this conference or the student cannot later complain about not being advised in writing of the accusations against the student.

If the principal agrees with the student's parents that one (1) or more requirements for suspending the student were overlooked, the principal can then comply with those requirements at the conference or can start the suspension process from the beginning and go through it again.

If there are witnesses who had not been interviewed prior to the suspension, whom the student thinks may have information about the incident, then the student should inform the principal of the names of those witnesses at this

conference. The principal may decide to interview those witnesses before making his/her final decision or the principal may believe that s/he has enough information already to make a final decision.

Q When will the principal decide the appeal?

A The principal will provide the student and his/her parents a written decision within five (5) school days of the conference.

Q Is the student suspended during the appeal?

A The student will continue to serve the suspension until a final decision is made after all appeals.

Q What if the suspension was not appropriate?

A Any record of the suspension will be taken out of the student's records and the student will be given the opportunity to make up all schoolwork that s/he missed, without penalty.

Q Can the student appeal the principal's decision?

A The student may appeal the principal's decision to the Area Superintendent or a person designated by the Area Superintendent. To appeal to the Area Superintendent the student must notify him/her in writing within five (5) school days of the date of the principal's final decision.

Q What will be reviewed on this appeal?

A This appeal only concerns whether or not the proper procedures were followed in making the final decision to suspend the student. There will be no further investigation or interviews with witnesses about the incident, although the facts of the case will be reviewed.

If the proper procedures were not followed, then the suspension will be sent back to the principal to follow the proper procedures and decide on whether or not to suspend the student. If, after following the proper procedures, the principal decides that the student should not be suspended, any record of the suspension will be taken out of the student's records and s/he will be given the opportunity to make up all schoolwork that s/he missed, without penalty.

Appeal of Disciplinary Reassignments/Expulsions (Policy 5500.10)

- Q** Can a student appeal his/her reassignment to an alternative school?
- A** No, a student can only appeal the three (3) days of suspension. If the suspension is removed, the reassignment will not occur.

- Q** How does a student appeal a suspension linked to a reassignment/expulsion?
- A** Within two (2) school days of being suspended, the student or his/her parent writes a letter to the principal explaining why the student thinks s/he should not be suspended. The student's parents may prefer to have the appeal with the principal by telephone. The principal will write to the student's parents within two (2) school days to tell them whether the student's suspension is being upheld.

If the principal upholds a student's suspension, s/he or his/her parents may write a letter to the Area Superintendent appealing the suspension within two (2) school days of receiving the principal's decision. The Area Superintendent will review the facts of the case and determine whether the student was given due process. The Area Superintendent will not reinvestigate the incident. The student cannot appeal the Area Superintendent's decision.

GRIEVANCE PROCEDURES (POLICY 5500.13)

In General

If parents or students have a problem with a teacher or an administrator, or disagrees with their decision on some matter other than suspensions or expulsions, they are encouraged to attempt to solve the problem or disagreement directly with the teacher or administrator. Decisions involving suspensions or expulsions are governed by the discipline procedures in the Code of Student Conduct. This policy does not apply to complaints of discrimination or harassment on the basis of the student's age, sex, race, color, national origin, ethnicity, religion, disability, sexual orientation, marital status, or other characteristics protected by federal or state law or Board policy. Such complaints are governed by Policy 5517.

What a Student Needs to Do Q&A

- Q** What should the student do first when a problem arises?
- A** The student should first talk courteously to the teacher or administrator to attempt to solve the problem. This should be done outside of regular class time.
- Q** What if the student is not satisfied after talking to the teacher or administrator?
- A** If the student does not believe the problem has been solved after talking with the teacher or assistant principal, the student should describe the problem in writing and give it to the principal within three (3) school days of when the problem occurred. Complaints related to discrimination or harassment must be submitted within sixty (60) days of the problem occurring.
- Q** What will the principal do?
- A** The principal will investigate the student's problem and give the student a written decision on how s/he will resolve the problem. That written decision will be provided to the student within five (5) school days from the day the student gave the written description of the problem to the principal.

- Q** Can the student appeal the principal's decision?
- A** If a student is not satisfied with the way that the principal has resolved the problem, the student may request in writing that the Area Superintendent's office or his/her designee, review the decision of the principal and make a final decision in the matter. The Area Superintendent's office will give the student the final decision within five (5) school days from the date that the office received the student's written request to review the matter. There is no appeal from the final decision of the Area Superintendent's office.
- Q** What if the student's problem was originally with the principal?
- A** If the student's problem originally was with the principal and the student does not believe the problem was solved after talking with the principal; the student should describe the problem in writing and give it to the Area Superintendent's office within three (3) school days of when the problem occurred. Complaints related to discrimination or harassment must be submitted within sixty (60) days of the problem occurring. The matter will be reviewed by the Area Superintendent's office and they will provide the student with a final written decision within five (5) school days from the date that the student gave them the written description of the problem. There is no appeal from the final decision of the Area Superintendent's office.

Policies 5500.10-5500.12

Frequently Asked Questions

How A Student May Be Suspended Or Expelled From School (Policy 5500.12)

In General

A student has a right to attend school and have an opportunity to learn. A student can lose that right to attend school if s/he violates the Code of Student Conduct or a school rule. A student loses the right to attend school by being suspended or expelled. During the period of suspension or expulsion, a student may not enter upon District property or attend any District or school sponsored activity or event without the permission of an administrator.

Suspension Q&A

- Q** Who can suspend a student?
- A** The principal or someone designated by the principal (such as an assistant principal) can suspend a student.
- Q** How long can a student be suspended?
- A** A student can be suspended from school for one (1) school day or up to three (3) school days.
- Q** What happens before a suspension?
- A** The principal or assistant principal becomes aware that a student has broken a rule in the Code of Student Conduct or a school rule. S/He will investigate by talking to students, teachers, or others who may know something about what happened. Even if the student is one (1) of the students who broke the rule, the principal or assistant principal may talk to the student as part of the investigation. After talking to people who were involved or witnesses, the principal or assistant principal will determine who s/he thinks broke a rule.
- Q** What if the principal or assistant principal determines that a student broke a rule?
- A** As soon as possible the principal or assistant principal will talk to the student. The administrator will tell the student that s/he has broken a rule in the Code of Student Conduct or a school rule. The student also will be given something in writing, like a discipline referral, that tells the student the same thing. A student will then be told why the administrator thinks that s/he has broken the rule. After this happens, the student should know what s/he is accused of doing and what evidence there is that supports the accusations.

Disciplinary Reassignment – Q&A (Policy 5500.10)

If the principal after completing an investigation determines that a student has done something wrong that requires removal from the school the principal will make a recommendation to the area superintendent. If the area superintendent supports the recommendation for reassignment then the student will be suspended for no more than three (3) days and then sent to an alternative school.

- Q** How long does a student have to attend the alternative program?
- A** For one (1), two (2), or three (3) semesters. If a student does not behave or does not do his/her work at the alternative school, s/he may have to stay there even longer. Students may be offered the opportunity to enter into an early workback agreement if there are extenuating circumstances.
- Q** What happens next?
- A** The student will now have an opportunity to tell the principal or assistant principal his/her side of the story. The student can ask that they talk to someone s/he thinks may know something about what happened. The student can give the principal or assistant principal a written statement to read. After listening to the student and reading anything that s/he has given them, the principal or assistant principal may talk to the people s/he told them about and anybody else that they need to contact.
- After that, the principal or assistant principal will decide if the student has broken a rule in the Code of Student Conduct or a school rule. If s/he decides that the student has broken a rule, they will then decide if the student should be suspended from school and how long the student will be suspended. The student will be told about this decision.
- Q** Will the student's parents know?
- A** The principal or assistant principal will try to telephone the student's parents and let them know about the suspension. If they cannot reach the student's parents by telephone, then they will write down how many times they tried and what happened. The student's parents will be mailed a letter titled Written Notice of Suspension within twenty-four (24) hours of the decision. The student will be given a copy of that letter. If the student or his/her parents claim that s/he did not receive the letter, it will not change the suspension. The student will be given another copy of the letter if s/he requests one.

- Q** Can a student go back and visit his/her regular school or other schools while s/he is reassigned to an alternative school?
- A** No. A student cannot go back to his/her school, or visit any other school, or be on any property leased or owned by the Board. A student cannot attend any school activity (sports events, graduation, performances, banquets, etc.), even as a spectator without permission from the Area Superintendent.
- Q** Can reassignment affect a student's curriculum?
- A** Students in honors, advanced placement or magnet courses that are expelled or reassigned to an alternative school must be aware that their curriculum will be impacted. While every attempt is made to match schedules, it is rarely possible to replicate every class. Students taking these classes must be aware that, when engaging in serious violations of the *Code of Student Conduct* they are jeopardizing their academic plan and the completion of some classes may be delayed.
- Q** What if a student is reassigned to attend an alternative school for the last semester of his/her senior year?
- A** If a student is reassigned to attend an alternative school during the last semester of school before s/he graduates, the following rule applies:
- The student's parent may appeal to a District Review Committee to ask for permission to participate in the student's regular school's graduation ceremony. The Committee will consider the following factors:
1. the nature of the offense
 2. the student's discipline history
 3. the student's performance, attendance, and discipline record in the alternative program
 4. other factors it considers to be mitigating or aggravating
- Q** When will the District Review Committee meet?
- A** No later than ten (10) days before the last day of school.

Expulsion Q&A (Policy 5500.12)

- Q** Who can expel a student?
- A** Only the Board can expel a student based upon a recommendation by the Superintendent. The Superintendent will make a recommendation for expulsion only after receiving a recommendation from the principal. The principal will make such a recommendation for expulsion only after having suspended the student for no more than three (3) school days. The principal's recommendation will contain a detailed explanation of the incident and the student's record of attendance, academics, and discipline.
- Q** Will a student's parents be notified?
- A** The student and his/her parents will be notified in writing if the Superintendent recommends that the Board expel a student. The allegations against the student will be

- Q** Who sits on the District Review Committee?
- A** The District Review Committee shall consist of the Area Superintendents and the President of the County Council of PTAs or a designee. An Area Superintendent shall not vote on an appeal involving a school from their area. The PTA representative shall also not hear an appeal from a school with which they are associated.
- Q** Can a student appeal the decision of the District Review Committee?
- A** No.
- Q** What if a student is reassigned after the District Review Committee has met?
- A** Then the principal will decide whether the student can attend graduation and end of the school year activities considering the same factors considered by the District Review Committee. The student cannot appeal the principal's decision.
- Q** What does a student do about class work during the three (3) day suspension before s/he begins to attend the alternative school?
- A** Your withdrawal grade will be established at the time of reassignment from the regular school. The alternative school staff will assign all work after that time.
- Q** What if a student is reassigned at the end of the semester during high school—how does that affect his/her classes?
- A** If a student's suspension begins fifteen (15) days or less before the end of the semester, then the regular school staff will supply the student's regular class work, and they will also supply review and testing material and arrange for the student to take his/her exams. In addition, if there are less than thirty (30) school days left in a semester then the period of reassignment will include the remainder of the current semester in addition to the designated semesters of reassignment.

explained. The student will also be told that s/he can request a hearing.

- Q** What if the student's parents want to request a hearing?
- A** The parents should submit a written request for a hearing to the School Board Attorney's office. After the parents request a hearing, the Superintendent will assign the student to an appropriate school program other than his/her regular school.
- Q** What if the student's parents do not request a hearing?
- A** If the parents do not ask for a hearing, the charges are considered to be true. The student and his/her parents may come to the Board meeting to talk about the length of the expulsion.

- Q** Who conducts the hearing?
- A** A local attorney who is a volunteer will preside over the hearing. The attorney is an impartial hearing officer who is not an employee of the School District.
- Q** When will the hearing take place?
- A** The Superintendent's attorney will schedule the hearing and notify the student and his/her parents in writing of the date, time, and place of the hearing. The student will receive this notification at least two (2) weeks before the hearing takes place.
- Q** Can a student have an attorney at the hearing?
- A** The student is entitled to have an attorney or other representative provide him/her with legal representation. Any fees for such representation will be the student's parents' responsibility.
- Q** What happens at the hearing?
- A** The Superintendent's attorney will present witnesses and documents to support the allegations to the impartial hearing officer. The parents or attorney will have an opportunity to cross-examine the witnesses and to present witnesses and evidence on the student's behalf.
- Q** Will there be a record of the hearing?
- A** The Board will provide a certified court reporter for the hearing. The court reporter will take down everything that is said at the hearing. If the student's parent wants a full or partial transcript of the hearing, they can pay the court reporter to provide one for them. The court reporter may require payment in advance.
- Q** What happens after the hearing?
- A** The impartial hearing officer will make a decision based upon the evidence presented at the hearing. S/He will decide what the facts are and make a recommendation in writing to the Board. A copy of that recommendation will be provided to the student, his/her parents, and the Superintendent's attorney.
- Q** Who makes the final decision?
- A** The Board will make the final decision on whether or not the student should be expelled and if so, for how long. The student, his/her parents, and their attorney will have an opportunity to appear before the Board in private to discuss the recommendation of the impartial hearing officer. The parents may request to meet in public to discuss the recommendation with the Board.
- Q** How long can the Board expel a student?
- A** A student can be expelled for the remainder of the current school year and one (1) additional school year. Usually the length of the expulsion is specified in the number of semesters. If there are fewer than thirty (30) school days left in the current semester when the student's suspension begins, the student's will stay out the rest of that semester plus the designated semesters of expulsion. A student who is serving an expulsion during last semester of his/her senior year may not participate in the graduation ceremony.
- Q** Can a student appeal the Board's decision to expel?
- A** A student can appeal the Board's decision to the District Court of Appeal in Tampa. The student must do so within thirty (30) days of the date of the Board's order expelling the student.
- Q** Can a student go back and visit his/her regular school or other schools while s/he is expelled?
- A** No. A student cannot go back to his/her school, or visit any other school, or be on any property leased or owned by the Board. A student cannot attend any school activity (sports events, graduation, performances, banquets, etc.).
- Q** May a student attend other schools or programs that are not run by the District during the expulsion?
- A** Yes, a student can attend local Juvenile Services Programs, PACE, Urban League, or other such programs, but acceptance is entirely up to that program's staff. Other public schools and most private schools will not allow a student to enroll during the expulsion period.

Discipline for Students with Disabilities Q&A (Policy 5500.11)

Students with disabilities are expected to comply with the Code of Student Conduct and school rules just like any other student. If a student violates the Code of Student Conduct or school rules, s/he is generally subject to discipline just like any other student. However, there are some special rules dealing with suspensions and expulsions. Common questions regarding suspensions and

expulsions of students with disabilities are answered below.

- Q** How are in-school suspensions handled?
- A** If a student with a disability receives an in-school suspension, the student's Individual Educational Plan (IEP) will continue to be in force. An in-school suspension is not considered a change in placement.
- Q** Can a student with a disability receive an out-of-school suspension (defined as a removal from all schools without IEP services)?
- A** Yes, however, a student with a disability may not be suspended out of school without IEP services for more than ten (10) cumulative days in a school year because students with disabilities are entitled to IEP services after the 10th day of removal without services. If the parent of a student with a disability is asked to remove the student from school before the end of the school day for disciplinary reasons, that removal must be counted and recorded as an out of school suspension.
- Q** Can a principal use other forms of in-school discipline on a student with a disability?
- A** A principal may use any other form of in-school discipline when dealing with a student with a disability who has violated the Code of Student Conduct or a school rule. These can include detentions, in-school suspension, tobacco education, or Saturday school. The student must be provided with his/her IEP services in those settings.
- Q** What happens when a student with a disability reaches three (3) days of out-of-school suspension, or displays a pattern of behavior that impedes their learning or the learning of others?
- A** School personnel who are familiar with the student and his/her IEP will meet with the parents as the IEP team and try to find out why the student is misbehaving. The team will also determine if the student's disability is causing the misconduct and whether there needs to be any changes to the IEP.
- Q** Can a student with a disability receive a disciplinary reassignment to an alternative school?
- A** A student with a disability may be reassigned to an alternative school because of the student's misconduct so long as the student's IEP can be implemented at the alternative school. Before reassignment to the alternative school, a team consisting of the parents and school personnel familiar with the student must meet and develop the Functional Behavioral Assessment/Positive Behavior Intervention and Supports (PBIS) and the plan on how to deal with the student's misconduct. A Manifestation Determination Review meeting must be scheduled within 10 calendar days of the student being advised of a possible change of placement to determine if the behavior is a manifestation of their disability, or if the behavior is the result of the school not implementing the IEP. Such a reassignment to an alternative program may or may not be a change in placement. If it is a change in placement, then all of the procedural safeguards for students with disabilities will be followed as required under the Individuals with Disabilities Education Act (IDEA), the Federal law providing for the education of students with disabilities.
- Q** May a student with a disability be expelled?
- A** Yes, so long as the IEP services are provided. Because students with disabilities are entitled to receive the educational services provided for in their IEP during any expulsion, they must receive a disciplinary reassignment to an alternative school or other placement where their IEP can be implemented, rather than receiving a true expulsion without any services.
- Q** May a student with a disability be suspended from the bus?
- A** Students with disabilities may be suspended from the bus according to the rules listed below. During the suspension from the bus, it is the student's responsibility to obtain transportation to school. If the student is unable to obtain transportation during the suspension from the bus, the bus suspension days will be considered out-of-school suspension days. Principals may use other forms of discipline instead of suspension from the bus.
- Q** What happens when a student with a disability reaches five (5) bus suspension days during the year?
- A** The team consisting of the parents and educators familiar with the student will meet and develop a plan to correct the misbehavior on the bus. That plan will be known as the Bus Intervention Plan. The team may develop a Functional Behavioral Assessment/Positive Behavior Intervention Plan and will also consider any changes needed in the IEP.
- Q** What happens when a student with a disability reaches ten (10) bus suspension days during the year?
- A** The team will meet to review the Bus Intervention Plan and develop or review the Functional Behavioral Assessment/Positive Behavior Intervention Plan. A Manifestation Determination Review meeting must also be convened if the bus suspensions are counted as out of school suspensions. The purpose of the Manifestation Determination Review is to determine if the behavior is related to the student's disability, or due to the school not implementing the IEP. The team will also determine whether any changes are needed in the IEP.
- Q** What if transportation is a related service identified in the IEP?
- A** If transportation is a related service identified in the student's IEP, and expulsion from the bus is recommended, then transportation alternatives will be provided for the student.
- Q** What about misconduct involving drugs and weapons?
- A** School personnel can place a student with a disability in an interim alternative educational setting, such as an alternative school for forty-five (45) calendar days if the student violates certain school rules regarding drugs, weapons, or serious bodily injury regardless of whether the misconduct was caused by the student's disability. The student will continue to receive the IEP services during this time.

For acts of harassment against Federally identified protected categories, and acts of harassment, including sexual harassment, which do not meet the definition of bullying, refer to Board Policy 1362, Policy 3362, Policy 4362, and Policy 5517.

Description of the Type of Behavior Expected from Each Student and Employee

The Board expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities, and expects students and employees to conduct themselves appropriately with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, including obeying and responding to those who hold lawful authority, as well as for District and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate harassment or bullying.

The Board upholds that bullying of any student or employee is prohibited:

- A. during any education program or activity conducted by a District school;
- B. during any school-related or school-sponsored program or activity;
- C. on a school bus or at a school bus stop; or
- D. through the use of data or computer software that is accessed through a computer, computer system, or computer network within the scope of the District school system. “Within the scope of the District school system” means, regardless of ownership, any computer, computer system, or computer network that is physically located on school property or at a school-related or school-sponsored program or activity.
- E. through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by a school district or school, if the bullying substantially interferes with or limits the victimized person’s ability to participate in or benefit from the services, activities, or opportunities offered by a school or substantially disrupts the education process or orderly operation of a school. This paragraph does not require a school or staff to monitor any non-school-related activity, function, or program.

Student rights shall be as outlined in this policy and in the Code of Student Conduct. To positively reinforce good conduct, self-discipline, good citizenship, and academic success, the Superintendent shall continue and, as needed, expand the District’s student recognition programs and publicly congratulate students exhibiting exemplary qualities in these areas.

Consequences for a Student or Employee who Commits an Act of Bullying or Harassment

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action. Consequences and appropriate remedial action for students who commit acts of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct. Consequences and appropriate remedial action for an employee found to have committed an act of bullying or harassment may be disciplined in accordance with District policies, procedures, and agreements. Additionally, egregious acts of harassment by certified educators may result in a sanction against an educator’s state issued certificate. (See State Board of Education Rule F.A.C. 6B-1.006,

The Principles of Professional Conduct of the Education Profession in Florida.) Consequences and appropriate remedial action for a visitor or volunteer, found to have committed an act of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

Consequences for a Student or Employee who is Found to have Wrongfully and Intentionally Accused Another of an Act of Bullying or Harassment

Consequences and appropriate remedial action for a student found to have wrongfully and intentionally accused another as a means of bullying or harassment range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct. Consequences and appropriate remedial action for an employee found to have wrongfully and intentionally accused another as a means of bullying or harassment may be disciplined in accordance with District policies, procedures, and agreements. Consequences and appropriate remedial action for a visitor or volunteer, found to have wrongfully and intentionally accused another as a means of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials. Accusations made in good faith, even though subsequently determined to be false, shall not be subject to discipline, consequences, or remedial action as called for by this section.

Procedure for Receiving Reports of an Alleged Act of Bullying or Harassment, Including Provisions that Permit a Person to Anonymously Report Such an Act

At each school, the principal or the principal's designee is responsible for receiving complaints alleging violations of this policy. All school-based employees are required to report alleged violations of this policy to the principal or the principal's designee. Other employees are required to report alleged violations of this policy to their supervisor. All other members of the school community, including students, parents/legal guardians, volunteers, and visitors are encouraged to report any act that may be a violation of this policy anonymously or in-person to the principal or principal's designee.

The principal of each school in the District shall establish and prominently publicize to students, staff, volunteers, and parents/legal guardians, how a report of bullying may be filed either in-person or anonymously and how this report will be acted upon. The person who was the victim of bullying, anyone who witnessed the act of bullying, and anyone who has credible information that an act of bullying has taken place may file a report of bullying. An employee, school volunteer, student, parent/legal guardian or other persons who promptly reports in good faith an act of bullying or harassment to the appropriate official and who makes this report in compliance with the procedures set forth in District policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments.

Written and oral reports shall be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

Investigation of Whether a Reported Act of Bullying or Harassment is Within the Scope of the District School System and, if not, Referral of such an Act to the Appropriate Jurisdiction

A principal or designee will assign a designee(s) who is trained in investigative procedures to initiate an investigation of whether an act of bullying or harassment is within the scope of the School District.

The trained designee(s) will provide a report on results of investigation with recommendations for the principal to make a determination if an act of bullying or harassment falls within the scope of the District and will act according to the following protocols:

- A. If it is within the scope of the District, further investigation will commence in accordance with *Prompt Investigation of a Report of Bullying or Harassment and the Persons Responsible for the Investigation* below.
- B. If it is outside the scope of the District, and reasonably suspected to be a criminal act, refer to appropriate law enforcement, and inform parents/legal guardians of all students involved.
- C. If it is outside the scope of the District, and determined not a criminal act, inform parents/legal guardians of all students involved.

Prompt Investigation of a Report of Bullying or Harassment and the Persons Responsible for the Investigation

The investigation of a reported act of bullying or harassment is deemed to be a site-related activity and begins with a report of such an act.

At each school or site in the District, the procedures for investigating bullying and/or harassment include:

- A. The principal/site administrator or designee selects a designee(s), employed by the School District, trained in investigative procedures to initiate the investigation. The designee(s) may not be the accused perpetrator (person who harassed or bullied) or the victimized.
- B. Each individual (the person who was victimized, alleged perpetrator, and witnesses) will be interviewed separately and at no time will the alleged perpetrator and the person who was victimized be interviewed together.
- C. The investigator shall collect and evaluate the facts including, but not limited to:
 1. description of incident including nature of the behavior; context in which the alleged incident occurred, etc.;
 2. how often the conduct occurred;
 3. whether there were past incidents or past continuing patterns of behavior;
 4. the relationship between the parties involved;
 5. the characteristics of parties involved (i.e., grade, age, etc.);
 6. the identity of the perpetrator, including whether the perpetrator was in a position of power over the student allegedly subjected to bullying or harassment;
 7. the number of alleged persons who bullied/harassed;
 8. the age(s) of the alleged persons who bullied/harassed;
 9. where the act of bullying and/or harassment occurred; and
 10. whether the conduct adversely affected the education or educational environment of the student who was victimized, or the work environment of the employee who was victimized.
- D. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances and includes:
 1. recommended remedial steps necessary to stop the bullying and/or harassing behavior;
 2. a written final report to the principal/site administrator.

Where the person who was victimized is a student, according to the severity of the infraction, the principal or designee shall promptly notify the parent/legal guardian of the student who was victimized of any actions being taken to protect the victimized. The frequency of notification will depend on the severity of the bullying incident.

Where the person who was victimized is not a student, the principal's or designee's report will be made to the supervisor of the employee who victimized and the same process described above will be followed if the alleged bullying or harassment was not alleged to occur at a school, but another District site.

The initial filing of incidents and completion of the investigative procedural steps shall be completed within ten (10) school days, unless circumstances require a longer period, in which case it shall be completed within a reasonable time.

Determination of Disciplinary Sanctions or Consequences and Due Processes for a Person who Commits an Act of Bullying Under this Policy

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances, followed by the determination of disciplinary sanctions appropriate to the perpetrator's position within the District.

Consequences and appropriate interventions for students who commit acts of bullying may range from positive behavioral interventions up to, but not limited to suspension, reassignment, or expulsion as outlined in the Code of Student Conduct.

Consequences and appropriate interventions for a school/District employee found to have committed an act of bullying will be instituted in accordance with Board policy. Additionally, egregious acts of bullying by certified educators may result in a sanction against an educator's State issued certificate (Rule F.A.C. 6B-1.006).

Consequences and appropriate intervention for a visitor or volunteer, found to have committed an act of bullying shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

These same actions will apply to persons, whether they be students, school employees, or visitors/volunteers/independent contractors, who are found to have made wrongful and intentional accusations of another as a means of bullying.

If a complaint of bullying or harassment is made by the alleged person who was victimized during or after the commencement of an investigation into employee or student misconduct, it shall not be a defense to the allegations of employee or student misconduct but may be considered as a mitigating factor under Board policy, if appropriate.

Providing Immediate Notification to the Parents/Legal Guardians of a Victimized Student of Bullying or Harassment and the Parents/Legal Guardians of the Student Perpetrator of an Act of Bullying or Harassment as well as Notification to all Local Agencies Where Criminal Charges may be Pursued Against the Perpetrator

The principal, or designee, shall report the occurrence of any incident of bullying as defined by this policy to the parent or legal guardian of all students involved on the same day an investigation of the incident has been initiated. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

Once the investigation has been completed, appropriate local law enforcement agencies will be notified to determine whether to pursue criminal charges.

Referral of the Victimized and Perpetrators of Bullying or Harassment for Counseling

The Superintendent shall establish a procedure to refer the victimized and the alleged perpetrator of bullying or harassment for counseling, including a protocol for intervening when bullying or harassment is suspected or when a bullying incident is reported. The procedure shall include:

- A. a process by which the teacher or parent/legal guardian may request informal consultation with school staff (specialty staff, e.g., school counselor, school psychologist, etc.) to determine the severity of concern and appropriate steps to address the concern (the involved students' parents or legal guardian may be included);
- B. a referral process to provide professional assistance or services that includes:
 1. a process by which school personnel or parent/legal guardian may refer a student to the school intervention team (or equivalent school-based team with a problem-solving focus) for consideration of appropriate services; (Parent or legal guardian involvement is required at this point.)
 2. if a formal discipline report or formal complaint is made, the principal or designee must refer the student(s) to the school intervention team for determination of counseling support and interventions; (Parent or legal guardian involvement is required at this point.)
 3. referral of school personnel to the Employee Assistance Program;
- C. a school-based component to address intervention and assistance as determined appropriate by the intervention team that includes:
 1. counseling and support to address the needs of the victimized of bullying or harassment;
 2. interventions to address the behavior of the students who use bullying behaviors and harass others (e.g., empathy training, anger management);
 3. intervention which includes assistance and support provided to parents/legal guardians, if deemed necessary or appropriate.

Providing Instruction to Students, Parents/Legal Guardians, Teachers, School Administrators, Counseling Staff, and School Volunteers on Identifying, Preventing, and Responding to Bullying or Harassment

The Board seeks to ensure that schools sustain healthy, positive, and safe learning environments for all students. It is important to change the social climate of the school and the social norms with regards to bullying. This requires the efforts of everyone in the school environment – teachers, administrators, counselors, school nurses, other non-teaching staff (such as bus drivers, custodians, cafeteria workers, and/or school librarians), parents/legal guardians, and students.

Students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers shall be given instruction at a minimum on an annual basis on the District's policy and regulations against bullying and harassment. The instruction shall include evidence-based methods of preventing bullying and harassment, as well as how to effectively identify and respond to bullying in schools.

Training

The School District will conduct training for students, parents, teachers, regional/District staff, school administrators, student support staff, counseling staff, bus drivers, School Resource Officers/Deputies, and school volunteers on identifying, preventing, and responding to bullying. At the beginning of each school year, the school principal/designee and/or appropriate regional/District administrator shall provide notice of this policy, as well as the process for reporting incidents, investigation, and appeal to students, school staff, parents, or other persons responsible for the welfare of a student through appropriate references in the Code of Student Conduct, the school website, and/or through other reasonable means.

Approved Evidence-Based Programs and Curriculum that are authorized to provide intentional instruction to students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers on identifying, preventing, and responding to bullying or harassment, including instruction on recognizing behaviors that lead to bullying and harassment and taking appropriate preventative action based on those observations:

Regularly Reporting to the Parents/Legal Guardians of the Victimized and the Actions Taken to Protect the Victimized

According to the level of infraction, parents/legal guardians will be notified of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

Incident Reporting Requirements

The procedure for including incidents of bullying in the school's report of data concerning school safety and discipline data is required under F.S. 1006.09(6). The report must include each incident of bullying and the resulting consequences, including discipline, interventions, and referrals. In a separate section, the report must include each reported incident of bullying or harassment that does not meet the criteria of a prohibited act under this policy with recommendations regarding said incident.

The School District will utilize Florida's School Environmental Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data, which includes bullying/harassment in its codes.

Discipline, referral data, investigations, interventions, and actions of discipline shall be recorded on the specified data system as with other infractions from the Code of Student Conduct.

Publication of the Policy, Including Publication in the Code of Student Conduct and in All Employee Handbooks

At the beginning of each school year, the Superintendent or designee shall, in writing, inform school staff, parents/legal guardians, or other persons responsible for the welfare of a student of the District's student safety and violence prevention policy. The

Superintendent shall also make all contractors contracting with the District aware of this policy. This information shall be published in the Code of Student Conduct and all employee handbooks.

Each school principal shall develop an annual process for discussing the School District policy on bullying and harassment with students in a student assembly or other reasonable format. Reminders of the policy and bullying prevention messages such as posters and signs will be displayed around each school and on the District school buses.

5517.03 – TEEN DATING VIOLENCE AND ABUSE

1. The School Board strictly prohibits any act of teen dating violence and abuse committed by one student against another on school property, during a school-sponsored activity, or during school-sponsored transportation.
2. Teen Dating Violence and Abuse Defined: “Teen dating violence and abuse” is a pattern of emotional, verbal, sexual, or physical violence and/or abuse by one person in a current or past relationship of a romantic nature to exert power and control over another when one or both of the partners is a teenager. Abuse may include insults, coercion, social sabotage, sexual harassment, threats and/or acts of physical or sexual abuse. The abusive partner uses this pattern of violent and coercive behavior to gain power and maintain control over the dating partner. To be subject to this Policy, teen dating violence and abuse committed by one student against another must occur on school property, during a school-sponsored activity, or during school-sponsored transportation.
3. Reporting Acts of Teen Dating Violence and Abuse
 - A. Any student who is the victim of an act of teen dating violence and abuse, or has cause to believe that s/he is in immediate danger of becoming the victim of an act of teen dating violence and abuse, should report the matter to the Principal or to any member of the school staff.
 - B. Any Board employee who receives a report of an act of teen dating violence and abuse, who directly observes an act of teen dating violence and abuse perpetrated by one student against another, or who has a good faith reason to believe that a student is a victim of teen dating violence and abuse shall report such report, observations, or suspicions to the Principal or designee.
 - C. Any resident of the community or other member of the school community, including students, parents, volunteers, and visitors, who observes an act of teen dating violence and abuse perpetrated by one student against another as described above in paragraph (1), or who has a good faith reason to believe that a student is a victim of teen dating violence and abuse is encouraged to report the matter to the Principal or designee. These reports can be made in person or anonymously, in writing or online.
 - D. The principal of each middle and high school in the district shall establish and prominently publicize to students, staff, volunteers, and parents, how a report of dating violence and abuse may be filed either in person or anonymously and how this report will be acted upon. Formal disciplinary action may not be based solely on an anonymous report.
4. Investigating Reports of Teen Dating Violence and Abuse
 - A. Upon receiving a report of alleged teen dating violence and abuse, the Principal or designee shall conduct an investigation of the allegation promptly and the completion of the investigative procedural steps shall be completed within 10 school days. As part of the investigation, the Principal or designee shall contact the parent(s) the day the investigation begins of the alleged victim and/or the parent(s) of the alleged perpetrator, if they are under the age of eighteen, to inform them of the report.
 - B. The investigation of the report should include interviews of the alleged victim, the alleged perpetrator of the teen dating violence and abusive behavior, and any other person who may have witnessed the alleged act or who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation. Each individual will be interviewed separately and at no time will the alleged perpetrator and victim be interviewed together.
 - C. The Board reserves the right to investigate a report of teen dating violence and abuse regardless of whether the student who is allegedly the victim of the teen dating violence and abuse wants to pursue the matter. If an investigation is pursued against the alleged victim’s wishes, the Principal or designee will notify the victim and refer the victim to appropriate services for safety planning.
5. Consequences
 - A. At the conclusion of the investigation the Principal or designee will determine whether or not the allegation of teen dating violence and abuse was substantiated. If the Principal or designee determines that a student has committed an act of teen dating violence and abuse, that violation of this policy shall result in disciplinary action in accordance with the Student Code of Conduct, which may include suspension, assignment to another school or program, or recommendation for expulsion. All disciplinary action shall be taken in accordance with State law and applicable Board policy. (See Policy 5500 and Policy 5600)

When imposing discipline, the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved, shall be considered.

- B. Suspensions for acts of teen violence and abuse may be appealed in accordance with the procedures set forth in the Code of Student Conduct. (See Policy 5500)
 - C. Further, the Department of Children and Families shall be notified if the student who is found to have perpetrated the act of teen dating violence and abuse is eighteen years of age or older and the student who was the victim of the act of teen dating violence and abuse is a minor.
 - D. If the Principal or designee believes a crime has been committed, law enforcement will be immediately notified.
 - E. In those cases where teen dating violence and abuse is not substantiated, the Principal or designee may consider whether the alleged conduct nevertheless warrants disciplinary action in accordance with the Code of Student Conduct or other Board policies.
6. Support and Reasonable Accommodations
- A. If requested during or after the investigation, the Principal shall make reasonable accommodations for the student who is allegedly experiencing teen dating violence and abuse including, but not limited to the following:
 - 1. "Stay Away Contract," that is, a contract with the alleged perpetrator to stay away from the victim, including electronic contact, while on school grounds, on school transportation, and during school sponsored programs and events;
 - 2. Class schedule changes;
 - 3. Protection that will enable safe egress/regress from school, as well as movement within the school; and
 - 4. Referrals for outside support or counseling.
 - B. Students should provide the Principal with a copy of an order of protection that has been issued by the court. The Principal shall then contact the student whose behavior is to be regulated by that order of protection and initiate a Stay Away Contract that is consistent with the terms of that order and provides penalties for known violations of the contract. Further, the Principal shall notify law enforcement immediately if a restraining order has been violated.
 - C. Pinellas County Schools Police and/or the School Resource Officer shall respond immediately to a report of a violation of a criminal or civil restraining order.
7. Other Violations of the Teen Dating Violence and Abuse Policy: The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:
- A. Retaliating against a person who has made a report or filed a complaint alleging teen dating violence and abuse, or who has participated as a witness in an investigation of such an allegation.
 - B. Filing a malicious or knowingly false report or complaint of teen dating violence and abuse.
 - C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of teen dating violence and abuse, when responsibility for reporting and investigating allegations of teen dating violence and abuse comprises part of one's supervisory duties.
8. Privacy/Confidentiality: The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related administrative procedures shall be maintained as confidential to the extent permitted by law.
9. Education and Training
- A. Training shall include a procedure for providing professional development to teachers, staff and school administrators in the area of proper identification, investigation, and intervention of teen dating violence and abuse incidents that fall within the scope of the school. It is important to change the social climate of the school and the social norms with regards to teen dating violence and abuse. This requires the efforts of everyone in the school environment – teachers, administrators, counselors, school nurses, and other non-teaching staff (such as bus drivers, custodians, cafeteria workers, and/or school librarians).
 - B. The District shall provide instruction to students in comprehensive health education including a teen dating violence and abuse component consistent with state statute and rules of the State Board of Education.
 - C. The comprehensive health components listed in Sec. 1003.42, F.S., include a health education curriculum for students in grades 7 through 12 in the area of teen dating violence and abuse. This instruction shall include, but is not limited to, the definition of teen dating violence and abuse, the warning signs of teen dating violence and abuse, the characteristics of healthy relationships, measures to prevent and stop teen dating violence and abuse, and community resources available to victims and perpetrators of teen dating violence and abuse. The curriculum chosen must also have an emphasis on prevention-based education.

3213.01 – COMMUNICATIONS WITH PARENTS AND STUDENTS VIA ELECTRONIC MEDIA

1. The School Board encourages positive and professional communication by staff with parents and students by means which best protect the interests of all concerned. Communications via personal electronic media such as Facebook, Twitter, cell phone messaging, and other personal electronic means regarding school matters have the potential to create both public records and education records, or to contain personally identifiable student information. The School Board is ultimately responsible for the maintenance and proper disposal of such records and for the protection of such confidential information, and is dependent upon its employees to meet this responsibility.
2. The School Board has provided staff with the means to communicate electronically with parents and students concerning school matters. These means currently include PCS Portal, Moodle, and district email (Outlook), and are sufficient for the purposes intended. For staff to communicate on school matters with parents and students by personal electronic means when sufficient School Board means are available exposes the School Board to a possible violation of its legal obligations. Such communication could cause the appearance of inappropriate association with students. Accordingly, staff shall utilize School Board resources in all electronic communications with parents and students regarding school matters provided, however, private electronic media, such as a cellphone, may be used when District resources are not available, when such use is in the best interest of all concerned.
3. Staff communications with parents and students via private electronic media concerning non-school-related matters are governed in part by, and may lead to discipline under, Board Policies 1140, 3140, and 4140.
4. Volunteers shall abide by Policy 1213.01, and shall utilize School Board resources in all electronic communications with parents and students regarding school matters; provided, however, private electronic media, such as a cellphone, may be used when District resources are not available, when such use is in the best interest of all concerned.

9701 – DISTRIBUTION OF MATERIALS AND LITERATURE TO STUDENTS

The Superintendent, or designee, may approve the announcement of non-school events and/or the distribution of materials and literature to students for organizations working in partnership with the School District. The events and/or materials must be consistent with the values of the School District (i.e., the District's vision, mission, strategic directions and core values).

The following policy applies to publications other than student and non-academic publications: non-school related literature from organizations or individuals must be approved by the Superintendent, or designee, and such publications shall be made accessible only as provided in the following procedures.

When an organization or individual wishes to make non-school events and publications accessible through the public schools, all advertisement and materials must be submitted to the Superintendent, or designee, for approval and shall be made accessible only as provided herein. All items will be reviewed for consistency with the values of the School District by the Superintendent, or designee, prior to advertisement through District communication platforms.

Review of and potential grounds for denial of approval to advertise non-school events or distribute non-school related publications shall include, but not be limited to, violation of School Board policy (i.e., advertising), obscenity and gross profanity and vulgarity which are incompatible with the normal activity associated with a public education institution as well as other forms of unprotected expression.

Guidelines for external organizations to advertise for events and/or distribute materials to students can be obtained from the Office of Strategic Partnerships.

Such advertisement of non-school events or distribution of materials shall be subject to the following restrictions:

- A. The announcement shall be for the sole purpose of making students and families aware of enrichment opportunities that support education beyond the classroom and/or leisure activities by organizations working in partnership with the District.
- B. The content of the advertisement or announcement shall be limited to providing information about the activity or series of related activities and the time, date and place of the event, as well as a contact person and telephone number.
- C. The advertisement or announcement shall include the name of the sponsoring organization and include the following disclaimer in at least twelve (12) point type in bold letters.

The school is neither endorsing nor sponsoring this event/materials nor approving or endorsing the views of the organization sponsoring the activity.

- D. Following Superintendent, or designee, approval, non-school related publications are distributed through District communication platforms.
- E. The school principal, or administrator designee, may make the decision of whether the publication should be distributed in paper form.

WHAT IS THE DISCIPLINE CHART?

The Discipline Chart on the following pages is a tool for administrators to assign interventions and/or consequences for student misconduct.

This chart does not apply to classroom management as assigned by the teacher.

The chart is designed to offer consistency across the district so that students are disciplined fairly from school to school when their behavior requires punishment beyond the classroom.

The chart outlines the violations in the same way as the Code of Student Conduct but in a grid format. Each incident type contains interventions or consequences for each violation. Two types of action, either mandatory (must) or potential (possible), can be taken by administration depending upon circumstances.

It is important to note that school administrators have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the chart if he or she determines that there are mitigating or aggravating circumstances.

Repeated instances of the same behavior may result in more severe consequences.

Administration will make every effort to contact parents/guardians regarding all disciplinary matters. Parent contact can be used as an intervention, a consequence, or as a result of a disciplinary issue.

In matters relating to the disciplining of students with disabilities, the Board and the District shall abide by Federal and State laws regarding suspensions and expulsion.

Should you require further explanation of the discipline chart, please call your school administrator.

2018-19 Discipline Chart

The District School Board of Pinellas County engages in the practice of progressive discipline.

Progressive discipline is a whole-school approach that utilizes a continuum of interventions, supports and consequences to address inappropriate student behavior and build upon strategies that promote positive behavior. When inappropriate behavior occurs, disciplinary measures should be applied within a framework that shifts the focus from one that is solely punitive to a focus that is both corrective and supportive.

Progressive discipline is designed to create the expectation that the degree of discipline will be in proportion to the severity of the behavior leading to discipline and that the previous disciplinary history of the student and all other relevant factors will be taken into account.

IMPORTANT INFORMATION ABOUT SCHOOL CLOSINGS IN AN EMERGENCY

Residents in Florida know the dangers of inclement weather especially during the hurricane season. While very infrequent, there may be times when our schools may have to close to protect our students and be reopened as emergency shelters for the community. The superintendent in consultation with his staff and the Pinellas County Emergency Operations office makes decisions regarding the closing of public schools. Pinellas County Schools works closely with our local television and radio media outlets to inform the public when school closings occur. In addition, the district maintains its own public information telephone number that provides information on a daily basis regarding the status of schools being in session. The district website, www.pcsb.org, also provides updated information and a link to Emergency Shelter Information.

A recorded message will be provided each day regarding any changes in school openings or closings. The recording will be updated as additional information becomes available. Updates will be posted on the official PCS Facebook and Twitter accounts. Follow PCS on Facebook at www.facebook.com/mypinellaschools and Twitter at www.twitter.com/my_pcs for the latest information.

The following media outlets will also provide up-to-date information to the public in the event a school closing occurs or if the student day must be shortened due to emergency conditions:
