

Hello, Tech High Families,

As we begin the second quarter of the 2022-2023 school year, I just want to give an update from PTSA. Prior to the start of the school year, the board decided that our main fundraiser this year would be what we call an "Alternate Fundraiser". We aren't asking you to buy anything this year, instead we are asking for you to donate to PTSA. The past two years we sold sheets and while the quality was great, each set of sheets was \$50, and we would earn \$10.

It was decided that it would be easier for more families to support PTSA if we just asked for a donation. If you were at back-to-school night and already donated, we thank you! If you have not yet donated, and/or would like to join PTSA below is a link to our member hub store. Memberships are \$10. If you are purchasing a membership, please include your name and email address so we can keep all members updated with what your PTSA is up to.

No donation amount is too small, and every donation helps us do more for the school and students. If you prefer to write a check, please make your check payable to Tech High PTSA, note on the memo line "Donation", and remember your donations are tax deductible. Contact the treasurer if you need tax information for your donation. Place your check or cash in an envelope with PTSA on the front of the envelope and drop at the front office. The office staff will make sure it gets into the PTSA mailbox and picked up. If you are unable to donate at this time, there will be other opportunities to offer support later in the year.

There are also car magnets available for sale, still. If you purchase on-line, please include your students name when you order so we can get the magnet to them for delivery.

Second quarter, PTSA will be sponsoring Boo Grams that will be delivered the Friday of Spirit Week and we will also be providing exam snacks in December. Please contact PTSA if you wish to help with the exam snacks.

We are continuing to work behind the scenes on the steps for earning School of Excellence and the deadline for Reflections submissions is November 18th, and more information will be coming regarding student submissions for the Reflections contest, we would love to see a lot of entries from our great students for this wonderful opportunity.
