

# Summer Reading @ Home

Hello Bear Creek Families!  
WE DID IT!! Thank you for all your support this year. However, the work is not over! We want to make sure your children are maintaining what they learned throughout the year and possibly growing over the summer ready for their next grade level.

According to Reading Rockets "children who do not read over the summer can lose up to 3 months of reading progress and that loss has a cumulative, long-term effect."

All that I ask of you over the summer is to support your children with reading books!  
The local library is a great resource to help get your children started and would be a fun weekly or bi-weekly activity you can do together.

As always if you have any questions or need support, please feel free to reach out.  
Happy reading!

*-Natalie Geer*  
Reading Coach

# SPLASH INTO SUMMER READING

## DIRECTIONS FOR SUMMER READING

- Once your child has finished reading a book, click on the link for their current grade level to complete a short questionnaire about the book.
- Your child must complete 3 reading forms and 2 math quizzes (see math @home page) to be eligible for a special prize in August.
- Students in K-2 will need support answering the questions. Students in grades 3-4 should be able to this independently.
