One can makes 600 grilled cheese Sandwiches

Buttermist® tastes like butter because it always starts with real dairy butter.

Buttermist offers superb performance as a pan spray and buttery food spray.

Spray on unheated cook/bakeware to prevent sticking. Before baking, spray atop rolls, bread and pastries to give a natural butter sheen and flavor. Unique ingredients give a superior release power and a very high smoke point >450° F.

Buttermist provides great nutrition and convenience.

Buttermist gives you the natural flavor of butter with zero fat, cholesterol or calories. Enjoy the easy-to-use convenience of spray-on natural flavor that needs no refrigeration.
