Benefits			
Serving Suggestions	The primary use for this product is for making a mustard sauce or prepared mustard. For strongest flavor, mix with cold water and let stand 10 - 30 minutes before using. Use in white sauces, salad dressings, potato salad, BBQ sauces, chicken, pork, chili, eggs, coleslaw, deviled eggs and ham. Add to honey for an easy honey-mustard sauce or glaze.		
Preparation Instructions	Add dry to foods or mix with liquid to use on foods. If heated immediately after mixing with water or with an acid liquid such as vinegar, full pungency will not develop, as heat and acid deactivates the enzyme reaction that causes the flavor. Be sure to add to foods late and cook gently or the zesty, tangy flavor will fade.
