Excellence in education is the key to our future success as a community. Good education is good for business and good for the community.

The purpose of business partnerships is to strengthen the educational process through collaboration between the school and the community it serves.

As an educational partner with Seminole Elementary School, you can help prepare our students to become responsible, accomplished, and confident leaders while creating the type of employees your company will desire and need.

Each partnership is different and individually planned. Through collaboration with Seminole Elementary, your organization and employees can help serve the students.

To become a Business Partner, please contact Heather Plankey at Plankeyh@pcsb.org
